HORNER NEW ASSESSOR

DALTON IS APPOINTEES WIFE FLEES GRANTED FEAR FOR RAVING IN DELAY JOBS STREET

Former Assessor Will Not Be
Sentenced Until Next
Monday

Motion Made by the Prisoner's
Counsel This Morning
for New Trial

Henry P. Dalton, former county assessor, resting under conviction of the crime of asking for and receiving a bribe of \$5000 in his official capacity, from the Spring Valley Water Company, was sentenced today to the state prison for a term of five years.

Continuance granted. No objection being interposed to this by the district attorney's office, Judge Brown entered an order continuing the whole matter until next Monday morning at 10 o'clock, when the motion will be disposed of and the judgment of the court announced.

MANY SPECTATORS PRESENT.

There was an immense crowd of spectators present in anticipation of the passing of sentence, filling all the available seating capacity of the courtroom of Department Five and thronging the corridors outside. The doors leading to the courtroom were allowed to remain open to give those people who could not find seats an opportunity to see something of the proceedings. It was an orderly and respectful crowd and there was no unusual demonstration of any character while Dalton was in court.

Called for sentence. When Judge Brown took charge of the court and called the convicted official's case, Dalton stepped up to the bench with Attorney Fairall on his left and Attorney Gehring and Wyman on his right. Assistant District Attorney W. E. L. Hynes looked after the interests of the state.

ORGANIZED LABOR WILL
PETITION SCHOOL BOARD

A petition is in circulation in Union Labor circles urging the Board of Education to appoint as secretary "a practical building mechanic not interested in the sale of any real estate and not allied with any firm of contractors now or during the term of office of the present board doing business in this city, county or state."

Petition Against Opening Of Washington Street

Opposition to the opening of Washington street from Fourteenth street to San Pablo avenue is being made by a large number of property owners who will be included in the proposed assessment district. It is planned that a mass meeting will be held the latter part of the week and already a petition is being circulated.

Civil Service Rules Cause Anxiety in Police and Fire Departments

B. H. Pendleton and H. S. Robinson Are Suggested for Members Commission

Operation of the civil service rules affecting members of the police and fire departments appointed since September 1 of last year is presenting a disconcerting question to a number of appointees made within the last few weeks. The appointments have been based upon merit and service, but in some instances the men who have been raised in rank would find competitors difficult to meet in their fellow members of the police force eligible to compete before the civil service board for the position in which they have been permitted precarious tenure.

The civil service board has not yet been appointed by Mayor Frank K. Mott, but it is understood that the announcement will be made by the mayor of the personnel of the board next Thursday. Two men who have places on the civil service board are known, these being Ben H. Pendleton, former president of the city council and now head of the municipal water commission, and Harrison S. Robinson, an attorney and member of the freeholders board that framed the new charter. The name of the third member has not been rumored.

KNOTTY PROBLEMS. It is certain that the new board will be confronted with some knotty problems, and among these will be the relative standing of men who have been raised in rank since September 1, 1910. The new charter provides that all subordinate city employees shall be subject to civil service, and to gain their appointments must be first certified as eligible after competitive examination before the civil service board.

Exemption from this examination rule is made in the instance of all employees and officials holding rank and office prior to September 1, 1910; and these men shall continue to hold their positions without examination and competition, unless dismissed for cause.

Gates' Weak Heart Gives Doctors Concern

Stimulants Act Well; Attack of Leptitis Continues to Moderate.

PARIS, July 18.—The attack of nephritis which made John W. Gates seriously ill continued to moderate today. The secondary difficulty, that of irregularity and weakness of the heart, gives the physicians concern and necessitates the use of stimulants. These stimulants, however, act well.

Bud Mars to Leave Hospital Tomorrow

Injured Aviator Continues to Improve, According to Word from Erie.

ERIE, Pa., July 18.—"Bud" Mars, who was injured here last Friday when his aeroplane fell, continues to improve and will probably leave the hospital tomorrow.

Mrs. W. H. Kemp Jr. Accuses Husband of Demanding a Divorce of Her

Woman Is Said to Be Near Death's Door as Result of Alleged Mental Shock

ALAMEDA, July 18.—"I am in love with another woman and I can't live without her. You will have to give me a divorce," William H. Kemp Jr., a prominent lodgerman and one of the owners of the Island City Electrical Company at 1348 Park street, is thus alleged to have confronted his wife with this statement Friday afternoon. In fear and horror and screaming wildly Mrs. Kemp, a young and attractive woman, ran from her home at 1808 Walnut street, and was taken in charge by the police. When she drew nearer they allowed her to go her way, but she now lies strapped to a cot in a private sanitarium in San Francisco, surrounded by her sorrowing family, who have been told that her life is wavering in the balance and that her mind has failed her.

SUES FOR DIVORCE.

On July 10 Mrs. Isbell instituted a suit for divorce from her husband, who is a traveling salesman for a dental supply company, on the grounds of cruelty, and alleged in her complaint that her husband did not want children and declared them too great an expense. She alleges that her husband told her that she was not good enough for him to wipe his feet on, kicked her and threatened to strike her.

Raving in delirium that her husband had been hypnotized, Mrs. Kemp, who is 26 years of age, is in a critical condition. "She has hypnotized him," she screamed wildly in an attempt to raise from her cot where she is imprisoned by straps.

Mrs. Kemp is a pretty woman of light complexion. She is tall. Mrs. Isbell is short and stout. "I met Mr. Kemp three months ago when I went into his store to buy fixtures for my new home at 3267 Garfield avenue," said Mrs. Isbell today. "Did Mr. Kemp ever make love to you on any of the occasions when he visited your home to install the fixtures?" was asked.

NO LOVE TALK. "We never talked of such matters and I did not know that Mr. Kemp intended to ask his wife to get a divorce," answered Mrs. Isbell. "My husband and I decided to separate."

X-Ray Shows Lead in Wm. Reuter's Head

Two Bullets Lodge in Body of Rudelle's Victim, Who Is in Dangerous Condition.

BERKELEY, July 18.—X-ray plates taken of the head of William Reuter, shot during a quarrel Sunday night by Adolph Rudelle, show that two bullets entered his head. Reuter refused to remain at Roosevelt hospital and is at his home in West Berkeley in a dangerous condition.

Demands Explanation Of Arrest of Consul

PARIS, July 18.—France asked Spain today to explain the arrest of M. Boissel, the French consular agent at Alcazar, Morocco, by a Spanish patrol, the report of which incident is confirmed in official advices.

YOUR NERVES NEED Horsford's Acid Phosphate

RESIGNATION AS SUPERVISOR ACCEPTED; MURPHY APPOINTED

C. F. HORNER, who today resigned as a member of the Alameda County Board of Supervisors to become Assessor of the county, to fill the vacancy caused by the conviction of former Assessor Henry P. Dalton.

OAKLAND AND HAYWARD EXPRESS STARTS JULY 19

Traction Company's Interurban Route to Be Improved by Six Fast Trains Daily and Cut of 18 Minutes in Time

Notification has been sent out from the offices of the Oakland Traction Company that beginning tomorrow morning the company will run three express trains daily each way between Oakland and Hayward. These trains will be through-expresses, and will cut down the time between the two terminals by from 15 to 18 minutes.

Dr. Chisholm Confesses; Self-Defense Is Plea

SANTA ROSA, July 18.—Dr. L. C. Chisholm, charged with the murder of John D. Powell near Fort Ross, took the witness stand this afternoon in his own defense and confessed that he killed Powell, claiming that he acted in self defense.

Wind and Lightning Leave Destruction in Stormy Path

DUNSMUIR, Cal., July 18.—During a fierce thunder storm, accompanied by a high wind yesterday, eight houses near the Kooser sawmill were partially wrecked. A large oak tree fell across a house occupied by Mr. and Mrs. Charles H. Berhens of Redding, throwing it down the slope. They escaped just before the crash. They sought shelter in the home of J. E. Sefel, which later also was wrecked by the wind. Several fir trees were struck by lightning and became ignited, causing a small forest fire.

Chief Rabbi of the British Empire Dead

LONDON, July 18.—Dr. Herman Adler, chief rabbi of the United Hebrew congregations of the British empire, died today.

BOARD AGREES TO SELECTION OF OFFICIAL

Governor Johnson Places Livermore Man on the County Board

SAN FRANCISCO, July 18.—Governor Johnson at 2:30 this afternoon received the resignation of C. F. Horner from the Board of Supervisors of Alameda county and accepted same. The Governor thereupon appointed D. J. Murphy of Livermore, at present a justice of the peace, Supervisor to succeed Horner.

The question as to who will be the next assessor of Alameda county to succeed Henry P. Dalton, who has been convicted of receiving a bribe of \$5000 from the Spring Valley Water Company, was decided by the supervisors shortly before noon today.

The new assessor will be County Supervisor C. F. Horner, who has been a member of the board for a number of years, and who has during the last two sessions acted as chairman of that body.

The matter was determined after a session of the board lasting a couple of hours, at which all the members were present.

There had been differences of opinion between the members of the organization as to who ought to be Dalton's successor, several of them having candidates of their own. It was decided that in the interest of harmony and of the affairs of the county that the individual wishes of the members should be set aside, and that the whole body should unite in favor of one of their number to fill the vacant position. It was agreed therefore that Horner, who has been put forward by many people for the vacant position, should resign as supervisor and that his successor should be appointed by Governor Johnson, and that then the newly made member, together with the old members, should vote as a whole for Horner for assessor.

For the purpose of getting legal information on the methods of procedure, District Attorney Donahue and Assistant District Attorney Hynes were several times called before the board and questions were propounded to them regarding the facts of the case.

Shortly before the noon hour it was decided that Supervisor Horner should resign as a member of the board, and immediately the resignation was prepared and forwarded to Governor Johnson, who is in San Francisco, for his acceptance.

A recess was then taken until 4:30 o'clock, when there will be another meeting at which probably the acceptance will be received and possibly, also, the appointment by the governor of Daniel J. Murphy of Livermore as the successor of Supervisor Horner, as the representative of the First Supervisorial district.

ENTER INTO AGREEMENT.

The agreement effected, as above referred to, was made in pursuance of the desire on the part of Supervisor Kelley and Bridge that the patronage which they have enjoyed and which has proved satisfactory to the county by reason of the appointment of capable attaches in the several departments, should not be interfered with. The supervisors had been given to understand that there was a combination with the new appointee to be made against them.

Supervisor Horner was unwilling to take any action in the matter until there was complete harmony among all the members of the board, which meant that the new member, who should be appointed by the Governor, would act on

(Continued on page 6, cols 2-3.)

Contempt Charges Against Mrs. McManigal Quashed

LOS ANGELES, July 18.—The contempt proceedings against Mrs. Emma McManigal, wife of Orville E. McManigal, the alleged confessed dynamiter, were dismissed today by Judge Bordwell. The court held that the affidavit filed by the prosecution was insufficient. Jos. Ford, deputy district attorney, announced in court that he would appeal from the decision of Judge Bordwell, dismissing the contempt proceedings. Afterward he said that the prosecution would ask a higher court for review and also that another affidavit, tending to prove Mrs. McManigal in contempt, would be filed.

GRAND JURY'S RIGHTS UNDER FIRE

Mrs. Ortie McManigal Case to Develop Interesting Contest.

Prosecution Holds That Jurors Do Not Have to Give Reason for Acts.

LOS ANGELES, July 18.—Arguments of considerable length were expected today in the contempt proceedings against Mrs. Ortie E. McManigal, wife of the alleged self-confessed dynamiter, when her case was resumed before Judge Walter Bordwell of the Superior Court.

Besides the question of whether the grand jury, before whom she refused to answer questions, had the right to inquire into the actions of the attorneys, the defense attorneys were prepared for contest on other grounds. Principal among these was the question of whether the defense had the legal right to summon the members of the grand jury to the witness stand to testify regarding their purpose in calling Mrs. McManigal before them.

The prosecution declared no person, according to the penal code, had the right to inquire into the actions or motives of the grand jury. The defense argued in return that such a stand permitted the jurors to do anything they wished without danger of their actions being called into question.

The prosecution intimated that its reason for calling Mrs. McManigal before the grand jury was to obtain from her information which might lead to the indicting of persons other than the McNamara brothers, while the defense hinted that the only purpose in examining her was to learn what testimony she might give to offer against the state at the trial.

ALLEGED AFFINITY IN CASE SAYS SHE'S MERELY A FRIEND

MR. AND MRS. W. H. KEMP, JR., whose home, it is alleged, has been broken up by an affinity. Mrs. Kemp is seriously ill in a sanatorium.

(Continued From Page 1)

arate a month ago and Mr. Kemp was not considered in the matter. If people accuse me of being his affinity it is outrageous. I have only gone to Mr. Kemp's store just as often as it was required for me to buy my fixtures. He has come to my home a number of times, but there was nothing out of the way about our meetings.

Mrs. Isbell said her husband was a traveling salesman and that he was away most of the time. She denied that she was in love with Mr. Kemp and said:

"We became good friends, but nothing further. I liked Mr. Kemp immediately and he was able to do many things for me. If the neighbors say we have been seen together a great deal it is untrue."

When asked whether Kemp was not a frequent visitor at her home at night, Mrs. Isbell shook her head and declined to answer the question.

CONSULTS ATTORNEY.

Terror stricken at her husband's alleged avowal that he could not live without Mrs. Isbell, Mrs. Kemp, after she grew calmer, went to an attorney's office in Alameda with her husband and laid the case before him. At that time she was hysterical and feverish. The next day she was taken from her home raving and out of her mind and placed in a sanatorium.

Carl Martin, Kemp's partner in the electrical business, said today:

"I will do anything in the world to help Mrs. Kemp. She is a fine woman and has been a true and good wife. Kemp has been seen with Mrs. Isbell."

Mrs. Kemp's family, who live at 163

SCHOOL DIRECTORS LET CONTRACTS FOR REPAIRS

Playground Commission Will Have Charge of Garfield and Tompkins Grounds.

JANITORS TO HOLD A MEETING ON JULY 28

Reports on Condition of Different Public Buildings to Be Read.

Permission was granted by the Board of Education last evening to the Oakland playground commission to maintain supervision over the playgrounds in the Garfield and Tompkins schools after school hours and on Saturday.

The following contracts were awarded: Painting Spett school, to James Cahill, \$1085.

Sidewalks on Pagoda avenue—Reardon-Crist Construction Co., 11 cents per square foot.

Finishing wood-work in Swett school—Ackerman & Sons, \$2100.

Concrete work in Clawson school—Reardon-Crist Construction Co., 11 cents per square foot; 74 cents per lineal foot for curb; 73 cents per lineal foot for walls; 25 cents per square foot for extra crossing.

Concrete work on Dewey school—Reardon-Crist Construction Co., for \$1085.

Contract for the construction of a two-room building on the premises of the Manual Training and Commercial High school site was awarded to Sydes & Robertson for \$880.

On motion of one of the directors of the board Miss Gertrude Allen was given a six months' leave of absence.

The regular meeting of the janitors of the local schools will be held Friday morning at 11 o'clock, July 28, in Chabot hall, Eleventh and Grove streets, where reports of the condition of the buildings will be read.

SUGAR TRUST INQUIRY BASE CHANGED TO N. Y.

Government Investigation Into Details of Fight Between American Refining Co. and Its Rivals Proves Instructive

NEW YORK, July 18.—Further details of the fight between the American Sugar Refining Company and its rivals will be revealed at the government's investigation of the so-called sugar trust, resumed here today after adjournment in Washington. Some of the prospective witnesses before the special Congressional committee are John Arbuckle, Claus Spreckels, W. B. Thomas, president of the American Sugar Refining Company; John E. Parsons, its attorney; and Arthur Donner, for many years its treasurer. Mr. Arbuckle, who was unable to attend the hearings in Washington on account of illness, was head of the Arbuckle interests, which long waged war with their larger opponent. Mr. Spreckels is president of the Federal Sugar Company, another independent concern, which has its plant at Yonkers.

Mr. Thomas, chairman of the board of directors of the American Sugar Refining Company, was the first witness. He said, in reply to Chairman Hardwick's questions, that his father, Joseph B. Thomas, had sold the Standard Sugar Refinery in Boston to the American Sugar Refining Company in 1897, the year in which the other companies were absorbed.

Mr. Thomas said that in 1891 the American Company was capitalized at \$50,000,000, which was increased to \$75,000,000 when the American took in the Philadelphia refineries, and to \$90,000,000 when it entered the best sugar field.

DEFENDS HAVEMEYER.

Without explanation Thomas interrupted his testimony to defend the memory of the late H. O. Havemeyer. He wished it to be understood that nothing the said or might be said was to be interpreted as an attack on Mr. Havemeyer.

"Mr. Havemeyer ran the company," he explained, "as a captain runs a ship. He did what he thought best for the stockholders. Of course, public opinion has changed since then. You know Mr. Havemeyer did not believe in letting the public know what he was doing."

Thomas admitted that the American company, after buying the stock of the Baltimore Refining Company, closed the refinery there and shipped the machinery to New Orleans, where labor was cheaper.

A PERTINENT QUESTION.

"After acquiring the Mollenhauer and other refineries," asked the committee, "did not Havemeyer, James H.

MUNYON CONVERTS GROW IN NUMBERS

Big Crowds Throng Downtown Headquarters of Health Expert.

Crowds in daily increasing numbers have been turning out all this week to meet Prof. J. M. Munyon, "apostle of health" and health theorist. Munyon's health cult, which he is establishing here, is rapidly growing to very large proportions. Scores of those who come in to see him at his headquarters in the Owl Drug Store in the Flanel building are enthusiastic in praise of the man. One of those who called yesterday was Mr. Henry Neville, who lives at Broadmoor, near San Leandro. Mr. Neville said:

"I am most certainly willing to be enlisted as a Munyon convert. I doctored for two years for rheumatism, which attacked me in sciatic form. Both of my legs were affected, and I was forced to walk lame. I suffered such agony that I used to get close up against a stove most of the time and try to get warm and 'thaw out' some of the rheumatism. I became nervous and irritable, and I could not sleep at night for the agony. Several doctors worked over me, and gave me medicines until they refused to give me any more. They said I was a hopeless case. Then I heard about this Munyon's uric acid treatment, and decided to try it. Inside of one month I was entirely cured. The pains left me almost immediately, and my recovery was so fast I could hardly believe it. I also suffered from piles, and was cured by Munyon's medicine for this complaint."—Adv.

DALTON GRANTED STAY UNTIL MONDAY

Former Assessor Gains Brief Respite by Motion for New Trial.

(Continued From Page 1)

the prosecution in the absence of District Attorney William H. Donahue, and was supported by Deputy District Attorney Philip M. Carey.

After reading the motion for a new trial, Attorney Fairall asked for a continuance of one week in which to prepare for argument and present authorities in support of the motion.

"The statutes provide that judgment shall be pronounced within ten days of the date of conviction," said Assistant District Attorney Hynes, "and while the prosecution has no objection to a reasonable continuance, it will insist upon a limitation within the law. All we ask is that counsel will furnish us with a list of authorities to be submitted in time to enable us to meet them."

DISCLAIMS ANY SURPRISE.

"We will do that," remarked Attorney Fairall.

"It is possible that the defense may present authorities from other states that we know nothing about at this time, and for this reason we make this stipulation."

"We have no intention of springing a surprise upon you," retorted Attorney Fairall, "and will meet all your demands."

"Under that condition the prosecution will consent to any reasonable continuance," said Hynes, addressing the court. Judge Brown then consulted the Penal Code and announced the continuance until next Monday morning. Immediately Dalton was returned to his cell in the county jail.

FAMOUS WOMAN OF CIVIL WAR IS DEAD

BERKELEY, July 18.—Mrs. Margaret Meek, who aided in the organization of the famous mountain scouts of Kentucky during the Civil War, died yesterday at the home of her daughter, Mrs. J. J. Keith, at 1837 Francisco street. She had been ill for a week. Mrs. Meek was aged 86 years, a native of Kentucky, and was one of the oldest residents of Council Bluffs, Ia., where she lived until seven years ago, when she came to Berkeley. Another daughter, Mrs. Kate Bright of Los Angeles, also survives the aged woman.

GROWS HAIR ON BALD HEADS

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs, which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to disease. Yet it is not a coloring matter or dye.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol, because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, vitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on your personal guarantee that the trial will cost you a penny if it does not give absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at the Owl Drug Company, Inc., 10th and Washington, 15th and Broadway and 16th and San Pablo avenue.

HYATT REPORTS APPORTIONMENT

Source of School Moneys and Distribution Told by Official.

SACRAMENTO, July 1.—Figures on the last apportionment of school moneys under the old law, made public by State Superintendent of Public Instruction Edward Hyatt yesterday, show that for all the elementary schools of the State there has been apportioned \$1,566,913.41, as opposed to \$3,007,813.24 in January, while the high schools receive a total of \$7,932.68, as opposed to \$251,262.74 in January.

The sources of the elementary school fund are: The amount unapportioned January 3, 1911, \$141,550; received from property tax (counties), \$1,044,773.69; received from property tax (cities), \$90,405.22; from poll tax, \$262,947.50; from interest on bonds, \$142,139.43; from school lands, interest, \$24,562.42; from transfer act, 1907, \$4000; from sale of geological reports, University of California, \$32.—a total of \$1,566,913.41.

The State Treasurer holds in trust for the support of the common schools, \$7,065,475, which is invested in bonds of the State and of the several counties and municipalities and school districts of the State. The amount of money in the State Treasury to the credit of the high school fund and subject to apportionment is \$123,148.64.

In the elementary schools the basis of apportionment per teacher is \$250; the attendance basis, rate per pupil, January 10, 1911, \$2.34; rate per pupil July 12, \$2.21. The total rate per pupil for the year is \$1.15 and the total amount apportioned the elementary schools for the year is \$4,663,305.15.

The total number of high schools in the State entitled to State aid on June 30, 1911, was 212, and the total average daily attendance for the year ending June 30, 1911, was 20,393. The rate per school on one-third basis is \$201.50 and the rate per pupil on average daily attendance is \$2.75. The amount apportioned on the one-third basis is \$42,718 and on the attendance basis \$55,264.93, a total apportionment of \$127,982.68. The amount unapportioned is \$165.96. Over the total apportionment for the year for each school on the one-third basis, January 10, 1911, \$335.29, and on the attendance basis, January 10, 1911, \$201.50, or a total for the year for each school of \$536.79. On attendance the amount apportioned January 10, 1911, per pupil, is \$5.42, and on July 12, 1911, \$2.76, a total of \$8.18.

250-YEAR-OLD CLOCK STILL KEEPS TIME

PETALUMA, July 13.—The women of the Baptist Church are exhibiting in the Sonoma county bank building a rare collection of curios and ancient relics. In the collection is the famous old cracked bell whose history is familiar to the people of San Francisco and Petaluma, when in the days of the vigilance committee it was sounded in San Francisco. Another relic is the old clock owned by P. Johnson, which was the property of his father, and although 250 years old is still keeping time.

COLUMBIA HAS RECORD SUMMER SCHOOL CLASS

NEW YORK, July 13.—Columbia University has the largest number of summer students in its history. There are in round numbers 5000 students, 300 more than last year. The greater number are taking graduate courses, a noticeable change this year, with fewer teachers registered. History, psychology and English literature are the most popular courses.

STOCKTON WARS ON SOCIAL EVIL

Pastors and Men in Congregation Take Off Their Coats at Meeting.

STOCKTON, July 13.—Under the auspices of the Stockton Ministerial Alliance, two mass meetings were held Sunday night to protest against the tenderloin. The churches omitted their regular evening services. The women held their meeting in the First Presbyterian church and the men in the First Presbyterian.

With their coats off and perspiration streaming down their faces owing to the usual heat, the clergymen attacked the dance halls, cheap theaters, saloons, and other resorts off Market street.

The plan of the campaign as outlined by the Rev. A. C. Bane, is to have the district attorney proceed against the property owners who rent premises for immoral purposes.

"I challenge every man present," said the Rev. L. L. Wood, "to open the men's meeting, to remove his coat."

Instantly scores of men arose and removed their outer garments.

"I am glad to see you men take your coats off," the minister continued. "Your action is symbolic of work. I see blood in your eyes and I believe that you are going to set this city," not upside down, but right side up."

At the Christian church Mrs. F. M. Washburn of Lodi went over the same ground that the Rev. Mr. Bane did. In addition she urged the women to keep their daughters off the street.

She said that the lust for gambling frequently had its beginning with the mother who thought nothing of accepting a prize at a social game of cards.

'SOUP GRAPE' ACT IS EPOCH MAKER

Defeated Candidates Now Have Chance to Put Rivals in Jail.

BOSTON, July 13.—The new Massachusetts corrupt practice act is pronounced an epoch-making enactment and is likely to be widely copied by other State legislatures this winter. The previous law failed because there was no incentive for anybody to enforce it.

The new act provides that "whoever is convicted of violating the law relating to corrupt practices in elections shall be deemed ineligible to hold public office for three years; and is a person elected to public office is convicted of a corrupt practice his office shall be vacated and a new election held."

This holds out an inducement to defeated candidates and defeated parties to take the initiative in bringing offenders into court.

Another provision restricts any candidate from spending more than \$25 for each 1000 voters in his district. The hiring of workers at the polls is no longer permissible.

COULD ROAD TO SPEND MILLIONS

Improvements Planned to Put Line in Condition for Winter.

OROVILLE, July 13.—Following the visit of Edward T. Jeffery, president of the Western Pacific, to this coast, it is reported that vast improvement work will be started immediately upon the Western Pacific, and that the next few months will witness the expenditure of large sums in the Feather river canyon.

The plans for the work have already been made, and it is understood that several months ago the directors of the Missouri Pacific, which is behind both the Denver and Rio Grande and the Western Pacific, authorized the expenditure of \$2,000,000 in putting the Western Pacific into condition for the winter's operation.

This money will be spent chiefly in the Feather river canyon and in the Niles canyon, the former setting by far the major portion of the appropriation. The plan decided upon by the engineers for protecting the road against the slides, which wrought such havoc with the service of the road last year, is to build a concrete wall where such slides have proved to be continuous in their character, and from this wall to build a roof across the track. The loose material will thus simply be carried over the roof or chute into the river.

N. E. A.—EDITORS, NOT EDUCATORS—IN SESSION

DETROIT, July 13.—Editors from all parts of the United States and a considerable number from Canada are in Detroit to attend the annual convention of the National Editorial Association, which began this morning. During the three days' session there will be papers and discussions on all phases of editorial and news-writing and the relations of newspapers to the public.

One of the most important matters to be decided is a proposition to reorganize the association so as to include in its membership business, advertising and circulation managers of newspapers, as well as editors.

EARL OF YARMOUTH BECOMES BANKRUPT

LONDON, July 13.—The Earl of Yarmouth, the divorced husband of Alice Thaw, became a formal bankrupt today, when the receiver took possession of Abbey Lodge, the Earl's country seat.

There have been meetings of Yarmouth's countless creditors and bankruptcy was the last resort.

The Earl will be discharged as a bankrupt when he succeeds to the Marquisate of Hertford, on the death of his father, as the properties of the title are held to a fair sum, but old Lord Hertford will not advance a farthing to prevent his son being declared a bankrupt.

NEW YORK PAYS HIGH FOR POWDER

Officials Discover City Was Overcharged \$17,830 for Fireworks.

NEW YORK, July 13.—New York City was overcharged \$17,830 for the fireworks with which it celebrated July 4, according to a report made by Raymond B. Fosdick, commissioner of accounts, to Mayor Gaynor.

He finds that a small bidder who was given contracts to furnish displays for The Bronx and Brooklyn let out his contract to two subcontractors, whose prices totaled \$4750, as compared with \$18,980, which the city paid.

For the \$31,630 spent by the city for fireworks, Fosdick says, the city received in actual value \$18,800. The investigation is not yet complete, he adds.

VISALIA VOTERS VOTE WET TOWN

Six Votes Settle the Question But Cries of Fraud Are Heard.

VISALIA, July 13.—Visalia voted wet yesterday by a vote of 511 to 505, after having twice previously voted dry. This was the first election held in the State under the Whitley local option law. As a result of numerous alleged illegal votes cast for the saloons, a statement was made last night that a contest will be brought by the dries into court to have the illegal votes thrown out. The election was orderly and a large vote was polled, considering it is midsummer and many are away.

The first election last February was won by the dries by 141 votes and at the municipal election in April the dries elected a full board of trustees by 88 plurality. Much speculation is rife on the result, for even if the wets win the contest there is said to be no law to compel the council to issue licenses. The city is now dry under a dry ordinance passed by the board the first of July and in order to become wet again the present ordinance must be rescinded and another granting licenses and fixing amounts passed in its stead which the trustees may compel the council to do.

This election closes one of the most exciting campaigns in the history of the city.

SCARRED BATTLER TO BE REPLACED

Receiving Ship Independence to End an Interesting Life.

MARE ISLAND, July 13.—The old line of battleship Independence, which has been the receiving ship at this yard for many years, is shortly to be sold, broken up or laid up in ordinary. Its place will be taken by the steel cruiser St. Louis, which is expected here within a few days from the Puget Sound naval station, where it has been overhauled and specially fitted up as a receiving ship.

The Independence is one of the oldest vessels of the United States Navy, and the oldest retaining its original hull. It was one of the several sailing line of battleships constructed about the time of the war of 1812, but not completed in time for use in that war.

After a short period of active service, the Independence was converted into a "razee" that is its upper gundeck was removed—and then brought to this navy yard, where it was made the station ship, or "guard", as receiving ships are often called by man-of-war's men. The old "razee" has received on its housed-over-decks many thousands of men, through two generations, destined for cruising ships.

It is not known yet where the St. Louis will be moored, but it is believed that it will be in the neighborhood of the lumber wharf.

BAR CHARLIE MEYERS FROM PALO ALTO TRACT

PALO ALTO, July 13.—Ravenswood, at the end of the Stanford University car line, will not be the location for a saloon which Charlie Meyers is reported to propose opening. Nor will Meyers be able to open a place in any part of the tract, according to J. F. Parkinson, owner of the tract in which Meyers is credited with planning a new roadhouse.

"Meyers is not going to open a saloon in Ravenswood," said Parkinson in denying the story yesterday. "Nor is anybody else. For Ravenswood is to be strictly a residential section and not a business property. Moreover, the deed to property in the Ravenswood tract has a paragraph which prohibits for all time the manufacture or sale of any kind of intoxicating liquors."

"The penalty for such violation of the terms of purchase is absolute loss of title. That makes the question of Meyers' supposed plan an impossibility."

Meyers has been for years in conflict with the university authorities, who succeeded in closing him out of Mayfield several years ago, and who during the past year have made it impossible for him to conduct his business in Menlo Park.

GOVERNMENT WANTS AN ENGINEER FOR U. S. PRISON

The United States civil service commission announces that the following examination will be held in San Francisco at an early date.

Guard qualified as marine gasoline engineer (male) United States penitentiary, salary \$840 per annum.

Application blanks and further information relative to this examination may be obtained from the secretary, twelfth civil service district, room 241, postoffice building, San Francisco, Cal.

Applicants are requested to indicate the names of examinations in making requests for information.

LIFE-LIKE MANIKINS PROVOKE LAUGHTER

Two of the Characters in Barnard's Manikins at the Bell this week.

The children are enjoying a real treat this week at the Bell, where Barnard's cleverly manipulated manikins furnish one of the big fun spots on the bill. Apply to the marionette of a score of years ago every modern electrical apparatus and mechanical idea and you have the Barnard manikin, the funniest and most life-like mechanical funmaker the theatrical

18 ADMITTED TO PRACTICE OF LAW

Madera Postmaster, Aged 50, Among Those Granted State License.

SACRAMENTO, July 13.—All of the 18 applicants who took the examinations for admission to the bar, held in the third district court of appeals yesterday, were successful and have been granted licenses to practice in all the courts of the state. The examinations were conducted by Chief Justice Chipman and Associate Justices Hart and Burnett.

Of those who were examined, honors for ambition probably go to W. L. Williams, postmaster at Madera, who, though he is 50 years of age, sees a glorious career ahead in the practice of law. Among the scholars who took the tests and have been awarded their certificates are: Herman Steinbach, teacher of German in the Sacramento high school; Rollin O. Doyle of Susanville, Harry I. Maxim of Madera, Robert R. Rankin of Yreka, Clyde R. Moody of Willows, E. C. Laughlin of Selma, Sullivan of El Verano, Fred A. Sloss of Sacramento, James M. Thomas of San Francisco, Nat Schumilowitz of San Francisco, George F. Cosby of St. Helena, Joseph D. Mallory of San Jose, John H. Mansfield of Sacramento, Foye Cuthbert of Sacramento, R. W. Ryder of Ukiah and Fred McConnell of Santa Rosa.

DEATH ENDS EFFORT TO SOLVE PERPETUAL MOTION

BALTIMORE, Md., July 13.—Andrew Gernand, 38 years old, is dead here after spending fifty-five years of his life in a vain effort to solve the problem of perpetual motion.

Gernand was an inventive genius and would have made fortunes on practical invention if he had been able to dismiss the perpetual motion problem from his mind. As a wedding present to one of his sons, Henry Gernand, of Annapolis, he gave the young man a suggestion for a labor-saving corn reaper which made \$1,000,000 or more in profits.

MARE ISLAND SOCIETY

MARE ISLAND, July 13.—Orders from Washington have been received here approving the recommendations of the yard officials as to repairs to the boilers of the cruiser California and the engines of the Maryland. The work will be pushed as the orders call for the departure of the California, Maryland and the refrigerator ship Glacier by September 15.

Commander E. F. Eckhardt has been detached from duty as executive officer of the Independence and ordered home. His place will be filled by Lieutenant E. Brooks.

Chief Machinist George Grovney has been ordered to the cruiser South Dakota.

Commander C. H. Hayes has been detached from the command of the Princeton and ordered to the Annapolis.

Orders were issued at the Mare Island navy yard today for the hull department to commence the construction of four more coal lighters, to cost about \$30,000.

According to advices received here last evening Lieutenant Commander H. C. Kuenzli, U. S. N., has been ordered to this station to fill the position of inspection officer. The position was formerly filled by Captain Hugh Rodman, U. S. N., now captain of the yard. Lieutenant Commander Kuenzli was formerly stationed at the Portsmouth, N. H., navy yard.

GIFTS ARE SENT TO ABBATEMAGGIO

Check and Stock Sequestered by Director of Viterbo Prison.

VITERBO, July 13.—Gennaro ABBATEMAGGIO, who is enjoying his role of informer against the Camorriste charged with the murder of Genaro Cuocolo and his wife, has been further flattered with gifts from abroad. He has received from parties in New York a check for \$100 and three shares of a stock. The laws of Italy do not, however, permit a man to receive presents while he is a prisoner, and accordingly, the director of the prison sequestered those intended for the prosecution's witness.

The interrogation of Captain Fabroni, who was detailed by the ministry of justice to run down the murderers of Cuocolo after the police had failed, was continued today. The questioning aimed chiefly at establishing the complicity of Giovanni Rapi, the alleged treasurer of the Camorra, in the crimes with Clivio Vitozzi, the poet, Enrico Alfano, the alleged real head of the Camorra, and the other accused men.

AUTO PARTY FROM DIXON MEETS WITH ACCIDENT

VALLEJO, July 13.—A party from Dixon, consisting of M. Pritchard, A. Donohue and two or three others whose names were not learned, met with an automobile accident here Sunday when their machine crashed into a tree on Pennsylvania avenue while going at a rapid rate. The car was badly damaged. A woman was thrown out, but was not seriously injured.

AX GRINDING A Science With Some Dealers—Done at the expense of the Public.

There is nothing "just as good" as Newbro's Herpicide. Some dealers will even go so far as to tell you they have something better.

That dealer has an ax to grind. You can't stop his grinding, but you can prevent him grinding it at your expense.

There is one sure, swift way to do it. Go where you can get what you ask for.

You won't be obliged to do this very often, as fortunately the majority of druggists are honest and conscientious.

Newbro's Herpicide has been so long and favorably known as the original dandruff germ destroyer that no one should be deceived.

What you need a hair remedy, you don't want one which merely promises to kill the dandruff germ and prevent the hair from falling.

You want one that will do it. Herpicide does it.

The hair becomes soft and lustrous. There is life, snap and beauty where formerly the hair was dead, dull and brittle.

Newbro's Herpicide is sold and guaranteed by all druggists.

Applications of this wonderful prophylactic may be obtained at the best barber shops and hair dressing parlors. Send 10 cents in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair.

OUR SEMI-ANNUAL CLEARANCE SALE

LATEST NEWS FROM OUTSIDE TOWNS

HARBOR PLANS TO GO TO PEOPLE

Richmond City Council May Put Improvements Up to Voters.

RICHMOND, July 18.—The proposition of voting \$450,000 for the improvement of Richmond's inner harbor was the main matter of discussion before the city council last night. The discussion came out of two petitions on the subject which were presented to the council for action, and although no final action was taken at the meeting the councilmen all spoke in favor of the development and the question was only one of the method to be pursued in securing the improvement.

Of the two documents presented at the meeting one asked the council to put the matter of voting bonds squarely up to the people of the city and giving them an opportunity to vote upon the proposition. The other document was signed by about 150 names of residents of Richmond who bound themselves together as a harbor commission and pledged themselves to work for the scheme.

The petition to put the bond issue directly before the people to be voted upon was the most favored and was finally referred back to the sources from which it came for further consideration, a greater amount of data upon the subject and a more concise form.

The construction of the tunnel through to the bay shore was also considered, and upon the advice of City Engineer Chapman the matter was laid over until the next meeting to permit the councilmen to visit the waterfront in company with the city engineer.

FLAMES DESTROY GWYNN RESIDENCE

Defective Flue Results in Disastrous Fire in Upper Fruitvale.

FRUITVALE, July 18.—The home of Mrs. S. Gwynn, at 8510 Idaho street, was completely destroyed by fire about 7 p. m. yesterday. Mrs. Gwynn was visiting with a neighbor when she noticed volumes of smoke issuing from the door and windows of her home. Neighbors had already turned in an alarm and had saved some of the furniture. Though the fire fighters arrived on the scene promptly, they were greatly handicapped by the distance from which they had to get water from the main, half a mile away. To get sufficient pressure the engines had to be coupled up. Had it not been for the delay this caused, the house could easily have been saved.

The place was owned by J. C. Taylor and was partially covered by insurance. It was valued at \$4000. A portion of the furniture, also covered by insurance, was saved by the efforts of the neighbors. The fire, it is believed, was caused by a defective flue.

YOUNG LADIES' INSTITUTE INSTALLED AT MARTINEZ

MARTINEZ, July 18.—St. Catherine's Council, No. 65, of the Young Ladies' Institute was installed here on Sunday at a meeting presided over by Miss Mary Sullivan, the grand president.

The new officers of the lodge are: Past president, Mrs. Martha Winkelman; president, Mrs. Henrietta McCann; first vice-president, Mrs. Minnie Anderson; second vice-president, Miss May MacNamara; recording secretary, Miss Agnes Kelly; financial secretary, Miss Tessie Kelly; treasurer, Miss Lydia Bulger; marshal, Miss Lydia Raffeta; inside sentinel, Miss Anita Neri; outside sentinel, Miss Julia Sallit; managers, Mrs. Annie MacNamara, Mrs. Kate Corcoran, and Mrs. Jennie Bell; organist, Mrs. Ramona Coates; spiritual adviser, Rev. Father Walsh.

MAY BE A SUICIDE.

MARTINEZ, July 18.—The discovery of a man's clothing on the bank of Taylor slough, in the Bethel tract, yesterday afternoon, is believed to point to the suicide of Rayleto Lezino, a resident of that section, who has disappeared. Sheriff Veale has been notified of the find, and will make an inquiry to identify the clothes.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

BRADFIELD REGULATOR CO., Atlanta, Ga.

NEW FIREHOUSE AT ELMHURST TO BE DEDICATED

R. F. HOOD, who is taking a leading part in arranging for the new firehouse celebration next Thursday at Elmhurst.

ELMHURST, July 18.—The Elmhurst Board of Trade is making final arrangements for the celebration, next Thursday, of the completion of the new firehouse on Pine street, just off East Fourteenth street.

A number of prominent Oakland men, including Mayor Frank K. Mott and K. A. Millican, will be among the speakers at the acceptance of the building. Many of the improvement clubs from the vicinity will have representatives at the celebration, which is to conclude with a dance in the new structure.

POWDER INJURES CURIOUS YOUTH

Raymond Ostender Will Suffer Loss of Eye and Use of Arm.

LIVERMORE, July 18.—Raymond Ostender, 14 years old, a San Francisco lad, had a narrow escape from instant death near here yesterday when he touched a lighted match to some powder. The explosion which followed shattered his left hand and a piece of metal penetrated his left eye-ball. He was also heavily thrown against a nearby tree.

According to the story the boy told after regaining consciousness, he took the stick of dynamite for a Roman candle and watched the short fuse burn with keen interest.

The accident occurred on a ranch owned by the lad's uncle, Dr. W. S. Taylor was called and dressed the wounds. The victim will probably lose the sight of the injured eye and the use of his hand.

PICNICKER PICKS UP GIANT POWDER

Finds Box of High Explosive in Grass Near Town of Martinez.

MARTINEZ, July 18.—The discovery of a box of dynamite hidden in some tall grass at the Redwood canyon picnic grounds on Sunday afternoon has set the authorities to making an examination to discover how it came there. The box was found by Robert Hackett, and not knowing what it contained, he picked it up and was about to hurl it over a fence when he heard something rattle inside. He forced up the cover and was startled at his find. Sheriff Veale was immediately notified and took the explosive to his office. A thorough investigation will be made.

WASHINGTON TOWNSHIP TO HAVE BASEBALL LEAGUE

NILES, July 18.—Baseball fans in this vicinity are contemplating the forming of a Washington township baseball league to include Niles, Centerville, Alvarado, Newark, Irvington, Decoto, Alhambra, Hayward and San Lorenzo. It is pointed out that among the different teams there are some first-class players and that the national game should be encouraged. It is felt that baseball is one of the best advertising mediums a section can have, and that this feature should appeal to the business men of the lower portion of the county. An effort will be made to get the co-operation of the commercial bodies of the surrounding towns.

ANTIOCH TRAIL WILL BE DRY IF CHURCHES WIN

MARTINEZ, July 18.—A campaign against saloons is being formulated by the Federation of Churches of Contra Costa county, the object of which is to do away with all the saloons from Antioch to Richmond.

The first movement against the liquor dealer will be made at Antioch about the 1st of September, with Dr. D. M. Gardner of Oakland in charge. None of the saloon men have taken the advance warnings of the federation seriously, and in case any action is taken they will be prepared to fight it to the very end.

MISS CHURCHA IS STILL IN LEAD

Balloting Shows Her Leading Nearest Rival by 715 Votes.

ELMHURST, July 18.—The balloting in the queen contest for the celebration to be held here in August still shows Miss Martha Churcha in the lead with 314 votes, her nearest rival being Miss Vera Norton, who has 2425 votes to her credit.

Great interest is being shown in the race between the two girls, who are both acknowledged belles of the town. Others who were nominated with the exception of four, have dropped out of the contest.

PUMPS 6,000,000 GALLONS DAILY

Peoples Water Company Secures Enormous Daily Supply at Alvarado.

ALVARADO, July 18.—According to statistics compiled for the Peoples Water Company, it is estimated that over 6,000,000 gallons of water is pumped from this section daily. The pumping of this enormous amount of water has been a great boon to the farmers, as it relieves them of all waste water which heretofore lay on the top of the land, having made it escape through the old artesian wells.

Considerable interest is being manifested in the movements of a party of surveyors who are in the employ of the Spring Valley or Bay Cities Water Company. The engineers are laying out a line for pipes along the property lines of the old Rose and Beard places.

Several wells have been sunk on both places and residents and farmers are becoming alarmed that the land will become too dry for profitable agricultural pursuits.

WILL MODERNIZE FIRE DEPARTMENT

Apparatus at San Leandro Soon to Be Hauled by Horses.

SAN LEANDRO, July 18.—A movement has been started here to have the fire-fighting apparatus drawn by horses in lieu of the old manner of depending upon the firemen and volunteers to draw the heavy machine. In all probability a team of horses will be provided by subscription from the business men and property owners of the vicinity. The recently elected fire chief, Bud Eber, is instituting a number of improvements in the department. The need of improved means of locomotion for the fire engine has long been felt.

COATES FUNERAL HELD AT MARTINEZ YESTERDAY

MARTINEZ, July 18.—The funeral services of the late J. W. Moore, assessor of San Joaquin county, who was a visitor in town Monday, were held here yesterday afternoon. Immediately following the ceremonies at the home the body was removed to the headquarters of the local order of Odd Fellows, where the last impressive rites were held, under the auspices of the Laurel Camp, Woodmen of the World. The interment was in Alhambra cemetery.

Livermore Personals

LIVERMORE, July 18.—J. W. Moore, assessor of San Joaquin county, was a visitor in town Monday.

Mr. and Mrs. John Frick and Mrs. Mrs. Gus Sanders and children will leave in about a week for Red Bluff, Ill., to visit Mr. Frick's mother.

Master Aureochecha of San Francisco is visiting at the home of Mrs. M. Aguerre.

Mr. and Mrs. G. S. Victor went up to the Mountain Home hotel, where they were visiting and were joined Wednesday by Mrs. G. E. Kennedy.

Mrs. Ben Coughlan of Newman is visiting her parents, Mr. and Mrs. William Short.

Elsie McCann, a former Livermore boy, was from Los Angeles this week.

Miss Kate Moy was up from San Francisco Sunday visiting her parents.

James D. Armstrong was over from Oakland on a visit to her folks.

Miss Edna Lagoria of Oakland is the guest of Miss Marjorie Bemis.

Mrs. C. L. McKewen and young son of Niles are guests of J. O. McKewen and family.

Mrs. D. Lafrenz and daughter Ada were up from Oakland on a visit.

Mrs. George Stanley and children are spending a month at Santa Cruz.

Miss Marian Grover of Oakland has been the guest of Mr. and Mrs. O. E. Elger.

Mrs. Maud Conrad has been visiting relatives in Stockton.

Rev. C. G. Lucas spent Monday and Tuesday visiting in Stockton and Linden.

Mr. and Mrs. F. A. Smack of San Francisco are this week the guests of Mr. and Mrs. Charles Gieger.

Miss Nellie McDonald has entered Head's Business College to take a business course.

The telephone exchange is being remodeled with latest improvements. C. L. Farley of this place will go up tomorrow to begin the work.

N. J. Fletcher of this place has the contract to do all the sign painting at Idora Park, Oakland, and is a daily commutator in consequence.

The Danla lodge hall is fast assuming shape, and Contractor Rasmussen has had the forms removed from the two-story concrete walls.

HAYWARD N. G. C. HOPES TO GAIN TARGET HONORS

HAYWARD, July 18.—The last shoot of the Hayward Company of the National Guard was held here Sunday and resulted in one of the best average scores ever made by the body. Twenty-seven men of Company H turned out under command of Lieutenants Bradford and Holmes, in the absence of Captain Bored. The average score was 64 per cent. Following was the best seven shots: Corporal Brunner, 85; Privates Harrison, 76; Mosegaard, 75; Graham, 72; Hadley, 71; Kilgore, 70; and Knudson, 70. The shoot was held at the regular target range. The company hopes to carry off the championship at the state shoot to be held next week.

Richmond News

RICHMOND, July 18.—Mr. and Mrs. George Bradford of Sacramento, who are touring the state in their automobile, are visiting this week with Mrs. Raymond and Mrs. Maynard, on Washington avenue.

Chief of Police James P. Arnold and family returned to this city yesterday afternoon after a period of rest at Madrone Mineral Springs, in Santa Clara county.

Mrs. William Flanagan and son, John, returned to this city last night after a visit of several days in Tomales, Marin county, with Mrs. Flanagan's mother.

Miss Bessie Martin spent Sunday with her parents at Boyes Hot Springs, El Verano.

Mr. and Mrs. A. C. Kerley returned home last evening from the Geysers, where they have been spending a vacation.

Mrs. W. S. Runyon and Mrs. P. B. Fitzpatrick are planning to leave this week for Yosemite Valley, where they will visit for several weeks.

The members of the Degree of Pochontas announce an entertainment in the form of an old-fashioned candy pull, to be held at Bank hall on the evening of July 27.

City Clerk Ira Vaughn, who has been away for the past two weeks visiting in Tulare, returned home Saturday night.

Roscoe Kelly, son of Mr. and Mrs. D. J. Kelly of this city, arrived last evening from Redding. Young Kelly will remain here with his parents.

J. A. Larson of this city expects to leave within a day or two for Topeka, Kan., where his brother is very ill.

The gasoline launch, the Phillis, went on the reef of rocks on the waterfront known as "The Hen and Chickens," late Sunday night, and the pleasure party, among whom were three women, were forced to wait on the rocks until rescued by a tugboat.

The launch, which was pulled off last night and taken to the beach near the Standard Oil long wharf for repairs. The members of the party were returned to their homes in San Francisco.

NILES NEWS

NILES, July 18.—F. M. Vincent, principal of the Niles school, is taking a course in agriculture at the University of California during the summer school.

Dr. McKewen is at the German hospital at San Francisco. He had a minor operation performed and is to return home in a few days.

The Niles Chamber of Commerce holds its next meeting on Tuesday evening.

F. McKenna, formerly of Niles, has donated a large electric lamp to the women of the Congregational church.

Harry Mosher entertained his mother for several days last week.

Mrs. Mayhew entertained the Reading club last Monday. The subject at the next meeting of the club will be Sweden.

The Ellis home was the scene of many social affairs last week. The Hughes family of Auburn were the entertained.

INVASION OF CHOLERA IS HALTED

Italian and New York Authorities Unite in Precautionary Measures.

Navy Surgeons of Two Governments Prevent Spread of Infection.

NEW YORK, July 18.—Fear of cholera invasion has been considerably allayed here by vigorous precautionary measures. The health authorities of Italy are co-operating with the New York health department. Italy has detailed surgeons of her navy to all ships bound to America from plague infected ports to prevent the spread of infection among passengers and to aid the quarantine officers when ships arrive here. The federal authorities here have sanctioned a ten-day quarantine for such vessels, and have sent here several vessels experts, including Assistant Surgeon-General L. E. Cofer, from the Pacific coast, and Dr. H. Von Ezdorf, who is in charge of the United States marine hospital at Mobile.

Since no ship is scheduled to arrive here from the Mediterranean for two days the health officers of the port were able to devote all their attention today of the bacteriological examination of some six hundred passengers of the steamers Moltke and Perugia, still in quarantine. The sixth victim of cholera died yesterday.

The State investigation of Health Officer Doty's management of quarantine, resumed today, has gained unexpected importance through the cholera situation.

Dr. Doty issued the following bulletin today: "The Hoffman Island conditions are satisfactory. There have been no further cases of cholera among the passengers or crew of the steamer Moltke, delayed there. Reports from Swinburne Island hospital state there have been no further deaths."

SHIP BARRED NAPLES.

WASHINGTON, July 18.—Because of cholera in Italy, Secretary MacVeach telegraphed orders to the revenue cutter practice ship Itasca at Marseilles to strike the port of Naples from its itinerary. The Itasca has on board thirty cadets from the revenue cutter school at Port Trumbull, Vt. The Itasca will proceed from Marseilles to Gibraltar and then home.

NOBLES OF MYSTIC SHRINE TO PARADE

Granting of the Charter to Aahmes Temple Will Be Celebrated.

To celebrate the granting of the charter by the Imperial Council of Shriners to Aahmes Temple of this city the members of the temple will tender a reception tomorrow evening to the illustrious potentate, Frank W. Bilger, who was instrumental in securing the charter at the council which recently met in Rochester, N. Y.

The affair will open with a parade, which will form at the Shriners' headquarters, Eleventh and Broadway, and will wind its way up the main thoroughfares of this city with 500 Nobles of the temple in line. The officers will ride in decorated automobiles.

Captain Peterson will be grand marshal. He has not as yet announced the route of the parade. The Aahmes Temple band will furnish the music.

According to orders the Nobles and the officials of the temple will appear in Shriners' uniform with their red fezzes. They will form at the temple at 7:45 and the parade will commence promptly at 8 o'clock.

After the journey through the streets the members will return to Aahmes Temple, where the representatives who attended the Imperial Council will deliver short addresses upon how the charter was won. Among those who will share the honor with Frank Bilger will be C. H. Lessie, George E. Ford, H. D. Dines, A. L. Ott, W. B. Townsend, R. C. Frank, N. McDonald, Robert Rattell, S. W. Burtchell and Charles Chubb.

The committee arranging the affair is headed by H. F. Seiler, chairman; L. W. Potter, H. Horton and E. Morgan. The decoration committee includes Nobles Taylor, Potter, Wharton and Bradshaw.

Aahmes Temple received its dispensation one year ago and since that time it has been steadily growing. Its progress was commemorated upon at the Imperial Council, where the Imperial Council publicly praised the record by Aahmes Temple.

At the Imperial Council the jurisdiction was fixed and the by-laws of the temple approved. Aahmes Temple has absolute jurisdiction over Alameda and Contra Costa counties and concurrent over the original Islam Temple jurisdiction.

"After four and a half years we have our temple planned," Bilger said this morning. "They can't take it from us."

NOBLES OF MYSTIC SHRINE TO PARADE

Granting of the Charter to Aahmes Temple Will Be Celebrated.

To celebrate the granting of the charter by the Imperial Council of Shriners to Aahmes Temple of this city the members of the temple will tender a reception tomorrow evening to the illustrious potentate, Frank W. "After four and a half years we have our temple planned," Bilger said this morning. "They can't take it from us."

COURT DISMISSES THE RESTRAINING ORDER

In the fight that has been waged for several months by the Building Trades Council against the Sunset Lumber Company, Judge Stanley A. Smith of Sierra county, sitting today in Department Two, vacated the temporary injunctions restraining the Building Trades Council from picketing the Sunset property and allowing its wagon about the city with banners.

Judge Smith's ruling was directly upon a motion to dismiss, which was sustained, the court holding that there was no evidence to show that the labor organization, its officers or members, have in any way violated the spirit of the law which prohibits violence in the maintenance of a picket system.

FATHER OF NOVELIST DIES FROM PARALYSIS

GLOVERSVILLE, N. Y., July 18.—Wm. P. Chambers, father of Robert W. Chambers, the novelist, was stricken with paralysis in the street opposite the family summer home at Broadbain today. He died almost immediately.

D. J. MURPHY IS APPOINTED GOVERNOR NAMES SUPERVISOR

DANIEL J. MURPHY, who was today appointed Supervisor by Governor Johnson.

(Continued from page 1.)

County of Alameda, convicted of a felony; and

"Whereas, Honorable Everett J. Brown, the Judge of the Superior Court of the State of California, in and for the County of Alameda, before whom the said Henry P. Dalton was tried, which said trial resulted in the conviction of the said Henry P. Dalton, of a felony, to-wit, a violation of the section 68 of the penal code of the State of California, to-wit, uttering and receiving a bribe, has given notice to this Board of Supervisors that the said Henry P. Dalton was on the said 14th day of July, A. D. 1911, convicted of a felony, now, therefore, be it

Resolved, by the Board of Supervisors of Alameda county, that, by reason of the said conviction of the said Henry P. Dalton, of a felony, as hereinabove set forth, a vacancy exists in the office of assessor of Alameda county, and this board hereby finds and declares the office of assessor, proceedings, today, before the State of California, to be vacant."

Appropriations from the advertising fund of the county were made as follows: Oakland Fourth of July celebration, \$400; Fourth of July celebration, Washington Township, \$200; Fourth of July celebration, Alameda, \$250; San Leandro Chamber of Commerce for the distribution of matter advertising the county, \$250; Berkeley Chamber of Commerce for the distribution of literature showing up the advantages of that section of the county, \$250, and the Berkeley exposition, \$240.

HOME OF TAILOR SCENE OF FIRE

Lower Business Section of Oakland Has Small Blaze.

Fire in the home of S. Gold, a tailor, living at 521 Sixth street, shortly after 2 o'clock this afternoon resulted in the wrecking of the inside of the building and the loss of about \$150 in clothing that had been hanging in a closet where the fire originated. Prompt action on the part of the department prevented the loss of the building. Women of the household were thrown into a panic and the entire neighborhood was aroused.

Gold is the father of eight children, all of whom sell papers in this city. The cause of the fire has not been ascertained but is supposed to have originated from rats gnawing matches in the pockets of clothing stored in the closet.

The committee of the Johnson in the lower part of the structure in which was stored a quantity of inflammable articles ended the surrounding buildings for a short time. It is the third fire in the same row of buildings near the decoration company's establishment in the last few months.

SPECIAL RATES FOR GRAND ARMY

Cost of Transportation to the Forty-Fifth Annual Encampment to Be Low.

The Grand Army of the Republic will hold its forty-fifth annual encampment during the week beginning Monday, August 21, at Rochester, New York. Local posts of the organization are making extensive plans for attendance at the encampment, the delegates including a member of the G. A. R. in addition to the Past Department Commanders and the Drum Corps.

The committee of arrangement on the coast have arranged with the railroads to give low excursion rates, and the official plan of the bay cities has been fully planned. A special train will leave San Francisco on August 16, thence overland via the Union Pacific, Illinois Central, Michigan Central and New York Central and Hudson River Railroads, passing by way of Ogden, Omaha, Chicago, Niagara Falls, and Rochester to New York. If the delegates go on to Rochester, it is planned to allow a stop-over of about five hours at Chicago and a half-day at Niagara Falls, for which a special excursion trip has been made. A special train will probably also be run from Los Angeles to Rochester. It is expected many representatives from the G. A. R. and Women's Relief Corps will attend from the coast.

CONTRACTOR TOLD TO BE CAREFUL

Builder Must Take Precautions to See That Pedestrians Are Safeguarded.

BERKELEY, July 18.—The City Council today passed a resolution instructing Contractor King to take precautions to protect pedestrians from injury while passing the Morrill building, under construction at Haste street and Shattuck avenue. Reports have been made by residents of having had narrow escapes from being struck by falling timbers.

Representatives of the Cragmont Improvement Club appeared before the council asking the city to appropriate \$1000 to complete the grade work on Euclid avenue through Cragmont park, which has been leased by the city from the Peoples Water company. The communication was referred to the committee of the whole, which will inspect the work tomorrow.

A communication was received from the Chamber of Commerce complaining of neglect by public service corporations in repairing streets after digging them up to lay pipes. The committee of the whole will investigate the matter.

FRANE TELLS OF BOAST OF HINES

How He "Elected Lorimer to Senate" Comes Out in Evidence.

WASHINGTON, July 18.—How Edward Hines, the Chicago lumberman, is said to have boasted he "elected" Lorimer to the Senate, was related today before the Senate committee by Donald M. Fraine, a clear stand employee in the Union League Club in Chicago. It was near this stand that Herman H. Hettler claimed Hines remarked to him on the day Lorimer was elected that "Lorimer has been elected; I elected him. I did it myself personally."

Fraine swore today that he could not recall the words, but "that Mr. Hines said 'I have elected Lorimer our next Senator.'"

WASHINGTON, July 18.—It was announced at the University of California today that Charles Julius Booth, for the past five years in charge of the agricultural department of the Hober Institute at Imperial, had been appointed professor of agriculture in the new agriculture high school at Kings City, Monterey county.

Doing hard work in a bent or stooping position puts a strain on the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of RALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by Wishart's drug store, 1001 Washington street.

ALASKA SYNDICATE CHARGED WITH COERCION

Said to Have Discriminated Against the Humboldt Steamship Co.

FORCED YUKON R. R. TO ANNUL CONTRACT

Witness Tells of Alleged Outrages by Guggenheim Interests.

WASHINGTON, July 18.—Discrimination by the Alaska syndicate against the Humboldt Steamship Company of Seattle was charged by Charles D. Drayton, counsel for the company, before the House committee on expenditures in the Interior Department today. The White Pass & Yukon railroad, controlled by the Guggenheim interests, he said, annulled an agreement with his company at the behest of the syndicate's steamship company and assessed excessive wharfage charges and excessive railway rates from Skagway to points in the interior against it.

"Is there any way of limiting the charges demanded by the Yukon company or is that company a law unto itself?" asked Chairman Graham.

"No," said Mr. Drayton. "The secretary of the Interior has for some time been doubtful of his authority to modify rates in Alaska."

"So doubtful that he would not attempt it?"

"No attempt has been made recently."

The witness declared that the Alaska syndicate had coerced witnesses for the Humboldt company in court proceedings, and that witnesses had frankly told him they were afraid to speak on behalf of the Humboldt because they would get no business from the syndicate if they did.

"If the Humboldt company was put out of business," asked the chairman, "would the syndicate lines have any opposition?"

"I think not," was the reply.

BATTLES TO SAVE HIMSELF FROM EXTRADITION

Indicted Portland Man Resists Attempt to Take Him to Oregon.

SAN FRANCISCO, July 18.—Lewis J. Wilde, indicted at Portland on the charge of embezzling \$90,000 from the bankrupt Oregon Trust and Savings Bank, fought extradition proceedings today before Governor Hiram Johnson with three attorneys and several witnesses. Argument and testimony will continue tomorrow. Wilde's whereabouts is now known, but the indictment was part of a scheme to get Wilde in the jurisdiction of the Oregon courts so as to institute civil suits against him.

Edward A. Luce of San Diego, Wilde's present home, did most of the talking against extradition. He claimed bad faith on the part of District Attorney George Cameron of Portland, and asserted that the indictment was part of a scheme to get Wilde in the jurisdiction of the Oregon courts so as to institute civil suits against him.

OFFERS A BOND.

If the other parties would consent, Luce said, his client would file a \$100,000 bond, but the indictment was part of a scheme to get Wilde in the jurisdiction of the Oregon courts so as to institute civil suits against him.

LETTERS AND AFFIDAVITS.

A large number of letters, newspaper clippings and affidavits were read with a view to showing that criminal proceedings were brought because Wilde refused to settle with creditors. Most of them were from lawyers. Clarence S. Darrow, now defending the Los Angeles dynamiting cases, made a sworn statement, which was read. In this Darrow told of having looked into Wilde's case while in Portland and found that the trouble was over a money settlement. A letter written by former Acting Governor Bowerman of Oregon, expressing faith in Wilde, was presented.

CONVICTED CASHIER.

Wilde himself made a sworn statement, which was read, purporting to be the result of an interview with Frank H. Stowe, a former associate. Stowe was accused of having said that W. Cooper Morris, the convicted cashier of the bank, now doing time for embezzlement, demanded \$10,000 for the purpose of buying off the district attorney.

This interview was alleged to have been held in San Diego. Wilde's letter in reply, addressing Stowe as "most holy one" and ending with "\$50,000 for investigation but not one cent for tribute," also went in evidence.

Postponement was taken by the governor at noon because of pressure of other business.

BANDIT'S PELF A BULLET IN SIDE

His Attempt to Hold Up Sleeping Car Passengers Not a Success.

BELLEPLAINE, Ia., July 18.—A bandit who attempted to hold up the occupants of a Pullman sleeping car on an eastbound Northwest passenger train, No. 8, at an early hour today, lies in a local hospital with a bullet wound in his side. He gave his name to the police as William Morris, and said his home was in Plainfield, N. J.

WILEY REPRIMAND TO BE DEALT DR. WILEY

Report Says Resignation of Pure Food Man Will Not Be Requested.

OFFICIAL ANSWERS CHARGE AGAINST HIM

House to See What Interests Are Behind His Prosecution.

WASHINGTON, July 18.—While Dr. Wiley's answer to the charges against him were discussed informally by President Taft and Secretary of Agriculture Wilson today and later by the cabinet, no decision was reported as to the disposition of the case. Secretary Wilson took the papers back with him to his department and promised to make his recommendation as soon as possible.

Whatever action President Taft takes in the case of Dr. Wiley, the House committee on expenditures in the Department of Agriculture doubtless will conduct its investigation into the charges against Dr. Wiley. A member of the committee said today that there was no reason why the committee should turn back from the work it has started, and that "in any case it should try to find out what interests were using their influence to get Wiley out of the service."

WILEY IS SILENT.

Dr. Wiley declined to discuss his answer in any way, but intimated that it was "brief and to the point."

An unverified report was current here this afternoon that the President would mildly reprimand Dr. Wiley, but would not, under any circumstances, request his resignation.

Secretary Wilson received the papers from Dr. Wiley just before he left the department for the regular cabinet meeting. He had had no time to read them before the cabinet session began and declared he would not be able to make a recommendation today.

The outline of Dr. Wiley's defense was not known by the cabinet and was not disclosed at the White House. Although Attorney General Wickersham is out of the city, the case was discussed informally by the cabinet. No announcement as to when the President will dispose of the case was forthcoming, but it is probable that he will be able to settle it for several days.

It is well known in Washington that Secretary Wilson and Dr. Wiley have not been on friendly terms for some time. It is acknowledged by the secretary's friends that he takes the position, that the chief of the chemistry bureau has assumed more authority in the department than he is entitled to.

In spite of this fact, it was predicted today that Wilson will recommend leniency. He is aware of the popular sentiment in favor of Dr. Wiley, and for that reason, if for no other, his friends declare he will not concur with Wickersham in suggesting that Dr. Wiley's resignation would be acceptable.

DEATH OF GIRL IS SUSPICIOUS

San Francisco Police Arrest Doctor and Midwife on Murder Charge.

SAN FRANCISCO, July 18.—As the result of the suspicious circumstances surrounding the death of Anita Laplace, a 17-year-old girl, in the institution at 417 Columbus avenue, at noon today, Dr. L. M. Giberson of 1902 Union street, and Mrs. Salvatore Mingillo, a midwife, are charged with murder at the city prison.

The young woman yesterday made a statement in which she declared that an operation had been performed upon her by a physician whose name she does not give. This statement, dated yesterday, Dr. Giberson claims, was demanded by him, he will not take any action.

This morning after summoning Dr. Mahan, it was decided to perform an operation. The young girl was placed upon a table, but died under the anesthetic. The coroner's office, on investigation, communicated with the police and Detectives McHugh and McGowan decided to arrest the accused persons, whom they are convinced can tell more of the affair.

An investigation into the conduct of the Columbus avenue hospital will also be undertaken by the officers. The direct cause of Miss Laplace's condition is said to have been an unlawful operation.

IMPROVEMENTS OF RIVER DISCUSSED

Major A. A. Cheney Presides at Hearing Which Is Held in Fresno.

FRESNO, July 18.—Major A. A. Cheney of the United States Army is presiding this afternoon at the hearing on the question of improving the San Joaquin river. Colonel John Middle, who was to preside, received late orders from the War Department to proceed to Washington and was unable to be here. Major Cheney arrived this morning and spent the forenoon with Assemblyman W. F. Chandler, who took the army man on an auto ride through the surrounding country to show him the vast acreage devoted to vineyards and orchards and the necessity for low rate water transportation to the coast. Representatives from many valley towns are here for the hearing. Among them is M. W. Dobzensky of the Newman Chamber of Commerce, who says there is a feeling among farmers of the west side section that a scarcity of irrigation water might result from river improvement. He is convinced, however, when the farmers are in full possession of the facts this fear will cease to exist.

BOY BREAKS BOTH ARMS.

SAN FRANCISCO, July 18.—Joseph Kerr, an 8-year-old boy, fell from a wagon on which he was stealing a ride in front of his home, 882 Potrero avenue today, and broke both his arms. He was treated at the Mission Emergency Hospital.

80 YEARS YOUNG, WOMAN ATTENDS SUMMER SESSION

MRS. AMELIA TRUESDELL, who, at the age of nearly four score years, wrote "The Soul's Rubaiyat."

UNIVERSITY OF CALIFORNIA, July 13.—Mrs. Amelia W. Truesdell, a graduate of Stanford in the class of 1903, although near the four-score mark in years, believes that all of a healthy woman's lifetime should consist of schooldays of one sort or another—at least all days should have their hours of study.

Mrs. Truesdell is attending lectures at the summer session, concentrating on English, a branch in which she has long been interested.

Mrs. Truesdell has written much verse, her latest volume being "The Soul's Rubaiyat," published recently by a San Francisco firm.

Of history and science, she writes thus in one of the chapters:

"Two graven tablets found I by the way,
One chiseled by the Past, one by Today;
All faiths must read by these or else we say
Perhaps the master-gravers were at play."

"History and science—friendly scribes,
He reads them well; they mark man's
The changing needs,
When knowledge swings the world in line with law
She'll show God's purpose to the human needs."

"The Soul's Rubaiyat" was favorably reviewed recently by Edwin Markham.

GIRLS WHO SHOT STOKES INDICTED

Arrestment Set for Tomorrow and Trial Will Go Over Until Fall.

NEW YORK, July 18.—Lillian Graham and Ethel Conrad were indicted today on three counts growing out of the shooting of W. E. D. Stokes at their apartments on June 6. The grand jury held them for attempted murder in the first degree, assault in the first degree and assault in the second degree.

The young women will be arraigned tomorrow and their cases will go over for trial until October.

The defendants did not appear and the only witnesses were Stokes and James McCormick, a detective. Stokes repeated the story he had told before the police magistrate who held the girls for the grand jury. Stokes from the first insisted, upon pressing the charge of attempted murder.

WAR GAME ON ATLANTIC COAST

Navy to Attempt Defense and Capture of Long Island Sound Entrance.

WADEHILL, R. I., July 13.—The most extensive war game that has been played on this part of the Atlantic Coast in nine years will be begun at midnight tonight and forty-eight hours thereafter two squadrons will engage in a maneuver and probably a fight (theoretically) for the possession of the eastern entrance to Long Island Sound, or what has come to be known as "New York's back door."

The problem for the attacking "blue" fleet, composed of seventeen battleships, is to penetrate a defensive line drawn from Montauk Point through Block Island to No Mans Land, six miles off Gay Head, at the southwest extremity of Martha's Vineyard. The defending "red" fleet is composed of cruisers, torpedo boats and submarines.

INVESTIGATION TO BE RESUMED ON MONDAY

BERKELEY, July 18.—That the investigation into the management of the California Institute for the deaf and the blind would not be resumed until next Monday morning at 10 o'clock, was the information conveyed to Principal Douglas Keith in a telegram from Governor Johnson this morning. Engagements elsewhere made by the Governor and attorneys on both sides caused the postponement.

SCAFFOLDING BREAKS.

BERKELEY, July 18.—Falling 18 feet from a scaffolding which broke, Oscar Johnson, a carpenter, of 423 Ninth street, Oakland, struck upon his left foot and fractured several of the small bones of that member.

BADLY BURNED, STICKS TO POST

Engineer Saves Output of Factory Though Suffering Intense Agony.

Flare - Back From Furnace Sears and Scorches Hands and Arms.

SAN FRANCISCO, July 18.—His hands and arms horribly burned in a flare-back from the furnace shortly after midnight, W. J. Smith, engineer for the American Biscuit Company, stuck pluckily at his post throughout the night, knowing that if he went away for treatment the night output of the factory would be spoiled. Smith was feeding the furnace and had opened the door when he was enveloped in the flame and burning oil which spread over his hands and arms.

With a bucket of water he succeeded in extinguishing the flames, but was forced to endure the agony of pain and suffering until he was relieved at 7:30 a. m. when he went to the Harbor hospital.

He explained that he knew there was no one to relieve him and he thought it better not to succumb and thus inconvenience the night shift. He was removed to his home, 171 Randall street.

TENNIS PLAY WAS QUICK AND SNAPPY

Championship Games at Boston Today Were Closely Exciting.

BOSTON, July 18.—There were no unlooked for results in the forenoon lawn tennis play today for the Longwood cup and the eastern doubles championship, although C. P. Touchard, the Metropolitan champion, narrowly escaped defeat at the hands of C. E. Watson Jr. of Orange, N. J., and play was exciting.

William J. Clothier, a former national champion, who is back in the game after a year on the sidelines, showed up unusually strong, his back hand and his service being particularly formidable.

The third round in the singles was reached today and five set matches begun.

SUMMARY OF SINGLES.

Longwood singles, first round completed: G. F. Touchard defeated C. F. Watson Jr., Orange, N. J., 5-7, 9-7, 6-2.

Second round continued: Shaw McKee, Philadelphia, defeated T. H. Plimpton, Boston, 6-4, 10-8.

T. R. Bell, New York, defeated H. W. Weber, Sandwich, 6-2, 6-2.

W. J. Clothier, Philadelphia, defeated W. C. Grant, New York, 6-1, 6-2, 6-2.

T. C. Homan, New York, defeated L. J. Grant, New York, by default.

L. E. Mahan, New York, defeated A. Holmes, Boston, 6-2, 6-0, 6-3.

E. P. Larned, Summit, N. J., defeated G. W. Wightman, Boston, 6-4, 3-4, 6-2.

THIRD ROUND.

H. W. Washburn, Bridgeport, Conn., defeated E. W. Perry, Boston, 6-4, 6-4, 6-2.

Eastern championship doubles—First round: C. E. Barker and A. D. Hillman, Boston, defeated H. Plimpton and A. Bryant, Boston, 6-3, 6-4, 6-3.

J. C. Homan and W. Jackson, Boston, defeated E. F. Torrey Jr. and N. Johnson, New York, 6-4, 6-2, 6-3.

S. E. Ware and N. W. Cabot, Boston, defeated E. P. Larned and G. F. Wales, Boston, 6-1, 6-1, 6-4.

R. Bishop and E. H. Whitney, Boston, defeated W. Currier and H. L. Davonport, Boston, 6-3, 6-4, 6-4.

Second round continued: R. C. Bray and S. L. Beals, Boston, defeated J. W. Foster and F. B. Taylor, Boston, 6-4, 6-4, 6-0.

M. H. Long, San Francisco, and C. R. Gator, Boston, defeated G. E. Phillips, Boston, and H. R. McCallister, Scranton, 6-2, 6-2.

R. C. Seaver and G. T. Putnam, Boston, defeated S. H. Jones and D. E. Jones, Providence, 6-4, 6-2, 3-6, 6-2.

WAR GAME ON ATLANTIC COAST

Navy to Attempt Defense and Capture of Long Island Sound Entrance.

WADEHILL, R. I., July 13.—The most extensive war game that has been played on this part of the Atlantic Coast in nine years will be begun at midnight tonight and forty-eight hours thereafter two squadrons will engage in a maneuver and probably a fight (theoretically) for the possession of the eastern entrance to Long Island Sound, or what has come to be known as "New York's back door."

The problem for the attacking "blue" fleet, composed of seventeen battleships, is to penetrate a defensive line drawn from Montauk Point through Block Island to No Mans Land, six miles off Gay Head, at the southwest extremity of Martha's Vineyard. The defending "red" fleet is composed of cruisers, torpedo boats and submarines.

INVESTIGATION TO BE RESUMED ON MONDAY

BERKELEY, July 18.—That the investigation into the management of the California Institute for the deaf and the blind would not be resumed until next Monday morning at 10 o'clock, was the information conveyed to Principal Douglas Keith in a telegram from Governor Johnson this morning. Engagements elsewhere made by the Governor and attorneys on both sides caused the postponement.

SCAFFOLDING BREAKS.

BERKELEY, July 18.—Falling 18 feet from a scaffolding which broke, Oscar Johnson, a carpenter, of 423 Ninth street, Oakland, struck upon his left foot and fractured several of the small bones of that member.

BERKELEY, July 18.—More than 300 citizens will attend a banquet to be given Mayor J. Stitt Wilson at the Hotel Shattuck this evening. Prof. T. R. Boone will be toastmaster.

BERKELEY

SUFFRAGISTS TO
HOLD MEETINGS

Gathering Wednesday Evening to Be Followed by a Banquet Saturday.

BERKELEY, July 18.—More than 200 members of the College Equal Suffrage League, and members of the faculty and student body of the summer session of the University of California, will meet at luncheon at the Hotel Shattuck Saturday at 12:30 o'clock.

Miss Margaret Haley and others who took part in the recent deliberations of the National Educational Association, will speak.

Miss Blanche Morse, prominent in the affairs of the California state federation of clubs and local clubs, has charge of the reservations made for the affair.

The meeting Saturday will be the second gathering of the suffragists in this city for the week, as a big mass meeting is planned for Town and Gown hall Wednesday night.

The principal speaker of the evening will be Mrs. Helen Marsh Wilson, state superintendent of public instruction of Colorado, who recently took an active part in the sessions of the N. E. A. in San Francisco. She will discuss moral and political suffrage in Colorado. Other speakers will be:

Rev. William Day Simonds, pastor of the First Unitarian church of Oakland; Miss Fannie McLean, head of the Department of English of the Berkeley High School and Mayor of San Francisco.

Mrs. Hester Harland, local suffrage manager, will preside, and on the platform will be: Mrs. C. C. Hall, Mrs. Frank E. Bunker, Mrs. L. E. Blackman, Mrs. J. K. Tolson, Mrs. William Keith, Mrs. Aaron Schloss and Mrs. Samuel Haight.

PARKS TO BE UNDER
SEPARATE CONTROL

Parks and Playgrounds May Be Placed Under Different Supervision.

ALAMEDA, July 18.—Although there has been a rumor through the local circles that the supervision of the local parks and playgrounds was to be delegated to the board of education, the report has not gained credence, but the committee of councilmen recently appointed to take charge of the playgrounds is considering the separate supervision of the parks and playgrounds.

That there will be better results if the parks and playgrounds are placed under separate supervision is the opinion of the city council and the specially delegated committee. The committee now in charge of the parks consists of Councilmen J. Probst, chairman; F. L. Krumb and T. Walker.

Berkeley Society

BERKELEY, July 18.—The wedding of Miss Bertha Aden and John H. Paddock will take place at St. Luke's Episcopal church, San Francisco, on the 23rd. Miss Aden is the daughter of the late John P. Aden of Vallejo. For the last several months the bride-elect, with her three sisters, have made their home on Cedar street here. On the return from their honeymoon the couple will occupy a charming new home in North Berkeley.

Mr. and Mrs. Henry F. Guttererson are spending their honeymoon at Capitola. Mrs. Guttererson was Miss Helen Arnett, whose wedding was a quiet home affair last week. Guttererson is an instructor in architecture at the University of California.

Saturday evening the summer school girls living at College hall gave an informal dance to about 50 of their friends. Mrs. W. M. Fitzhugh, Miss Marion Fitzhugh and "Billie" Fitzhugh are also at Tahoe Tavern. "Billie" is well known in the city as the belle of the college-outing crowd. She is now at the University of California football team.

Mrs. E. Seymour Young and her daughter, Miss Helen Montague Young, the fiancée of Milton Farmer, graduate manager of athletics at the University of California, is summing at the Sea Beach hotel in Santa Cruz.

Mr. and Mrs. B. F. Edwards, Miss Ruth and Miss Marian Edwards, William Edwards and B. F. Edwards, Jr., are having a delightful summer outing at Lakeside park, Tahoe. Mrs. Nellie Tweedle, Mrs. Edith Tweedle and Miss Nina Tweedle, Herbert Tweedle and Walter Tweedle are also there. Others from here at this resort are the Misses Kate and Lillie Cole, Miss Marian C. Hinkle, Miss Evelyn Slater, Duncan Montgomery, Mr. and Mrs. Jack Moskewich and baby, and Mrs. J. Moskewich.

Miss Beatrice Herlitz, 1933 Ross street, Saturday announced her engagement to William Axford, a prominent young business man of San Francisco. The wedding will take place in the early winter at the home of the bride, Miss Herlitz.

The sixteen members of the Kappa Kappa Gamma sorority on the campus, who departed several weeks ago on a trip to Honolulu, returned Saturday. Accompanying them were their friends, and they all report having a splendid time while away. Miss Margaret Witter, prominent in college society, was one of the leaders of the party.

Professor Edward B. Clap of the Greek department of the University of California, is in Cambridge, Mass., on a lecture tour. He is accompanied by his wife, Mrs. Clap, and their daughter, Miss Clap, who is a student at the University of California.

Charles F. Massie, Miss Claudia Massie and Miss Elaine Standish are visiting at various springs.

Mr. and Mrs. Charles H. Spear returned here from a delightful outing at Monto Rio, where they were the house guests of Dr. and Mrs. E. L. Loring, also Berkeleyans.

Mrs. Laura MacCassin, a prominent member of the Fraternal Brotherhood, is going to Alma, Contra Costa county, for a two week vacation. She will be accompanied by Miss Bess Driver and Alfred Rice.

WOMEN AS IMPROVERS.
BERKELEY, July 18.—North Grove Improvement club has voted to admit women to membership.

NEWLYWEDS TO
TAKE HONEYMOON
TRIP TO JAPAN

Miss GLADYS MOORE, whose honeymoon will be passed in Japan.

BERKELEY, July 18.—A wedding to be followed by a honeymoon voyage to Japan will be that of Miss Gladys Moore, a graduate of the University of California, and Professor Gail Cleland, in Trinity Methodist church this evening.

Rev. Charles E. Dalton will officiate. Several hundred friends of the young couple will be present.

The bride's sister, Grace Moore, will be the maid of honor and her bridesmaids will be Miss Lotta Cleland, Miss Lillian Moore, Miss Lella Bachel, Miss Bessie Willis of Hollister, Miss Florence Beck and Miss Hollis Moore.

Charles J. Cleland, graduate of the groom, will be the best man and the ushers will be F. F. Bloomer, Elmer Morrish, Allen Kimball, Lieutenant Ronald Fisher, U. S. A., George C. Jensen and H. R. Bergh, all of whom attended the university with the groom.

Charles J. Cleland, graduate of the groom, will be the best man and the ushers will be F. F. Bloomer, Elmer Morrish, Allen Kimball, Lieutenant Ronald Fisher, U. S. A., George C. Jensen and H. R. Bergh, all of whom attended the university with the groom.

The young graduate was appointed to the chair of English at the Tohoku imperial university at Sapporo, northern Japan, to which he will sail on Saturday night for the north and will arrive in the steamer Inaba Maru for the Orient.

WILL SOON LICENSE

BERKELEY MILKMEN

BERKELEY, July 17.—Dairymen of this city have been given until August 1 to place their plants in sanitary condition, in order to conform to the test prescribed by the City Board of Health, and obtain a license to sell milk of standard quality.

Three classes of milk will be approved by the board. The first, "just milk," will be allowed in the city. Dairymen selling this product must attain a standard of not less than sixty on the official score cards kept by the board. "Inspected milk" will be of higher quality, and dealers furnishing this grade will be given labels for each bottle, the labels stating that their product is "inspected by the Berkeley Board of Health." The third class, "certified milk," will be of a still higher standard, and certificates of such inspection can be issued only by the milk committee of the County Medical Association.

Dr. Roadhouse has announced that following the completion of the work of milk inspection he will resign from the office of milk inspector to resume his duties as instructor at the University of California.

Labels of the inspected and approved dairies and milk depots will be issued by Dr. Roadhouse at the end of this month.

Labels of the inspected and approved dairies and milk depots will be issued by Dr. Roadhouse at the end of this month.

GOSSIP OF STUDENTS
AND RESIDENTS IN
THE UNIVERSITY TOWNDAISY CHOKES TO
DEATH ON CARROT

Prize Jersey Cow of U. C. Dairy Farm Goes to the Great Unknown.

UNIVERSITY OF CALIFORNIA, July 18.—The queen is dead. Daisy, the prize Jersey of the University of California dairy farm, passed away yesterday after trying in vain to swallow an enormous carrot, evidently hearing of Professor Cyril Stebbins' statement that carrots increased the milk supply. She choked to death.

Daisy was the pride, not only of the University, but of the whole state, for a year she proved that a California cow had more class than a Missouri cow by producing forty-nine quarts of milk, while Salina, the champion of the Missouri State Fair, produced only thirty-nine.

But Daisy is dead. California mourns, but Missouri rejoices. Salina is now the prize cow of the world. St. Louis, Kansas City and Joplin are rejoicing that wait, for although Daisy is dead, she is survived by a daughter, Daisy II. Salina was a prize cow of the Missouri State Fair, and she was the pride of the world to produce her equal.

The University of California accepted the challenge. Daisy was chosen to uphold the honor of the Golden State. She did, and defeated the prize of Missouri by a quart.

But Daisy is dead. California mourns, but Missouri rejoices. Salina is now the prize cow of the world. St. Louis, Kansas City and Joplin are rejoicing that wait, for although Daisy is dead, she is survived by a daughter, Daisy II. Salina was a prize cow of the Missouri State Fair, and she was the pride of the world to produce her equal.

DEER HUNTING IN THE
MOUNTAINS OF SONOMA

Captain Dixon of Las Lomas Knows Where to Find the Game and How to Make the Hunter Happy

One of the pleasures of life is hunting the fleet-footed deer on the mountain paths of Las Lomas in Sonoma county. This is considered to be one of the ideal deer hunting places in the state. Las Lomas is situated on the top of creation and over the mountains and canyons in this district deer are plentiful. The Las Lomas Hunting Lodge is conducted by Captain Dixon, an old resident of Sonoma county.

It is an excellent place to hunt deer and the lodge itself makes a pleasant resting place for the weary.

The country home of Mr. Dixon is located on the summit, where on one side one can see vast stretches of mountains, valleys and canyons, and on the other the land reaches out to the Pacific Ocean.

One is far above the level of the sea. The sea breezes coming from the west and the valley heat coming from the east, mixing on the mountain top, makes a most delightful climatic condition. Captain Dixon and his wife are splendid hosts and have a large number of personal friends. Their place is not only used as a summer resort, but as an ideal headquarters for deer hunts.

The Dixon preserve consists of about 2500 acres of the choicest deer land in the Sonoma mountains. People go up there hunting and finally remain as guests at the resort in order to enjoy the splendid climate. Captain Dixon knows all about deer hunting, and in fact, comes just where to locate them. Being a crack shot himself and knowing every inch of the territory, he is considered a splendid companion on a hunting tour. Las Lomas is one of the ideal country places of the State. It is situated nine miles above Skaggs Springs, with a splendid automobile road right to the door of the place.

It is on the top of creation, a delightful place either for the hunter or for the person seeking rest.

MEDICAL MILK COMMISSION
OF STATE IN CONVENTION

Dr. Haring Offers Some Pertinent Suggestions Regarding Clean Dairies and the Elimination of Tuberculosis

UNIVERSITY OF CALIFORNIA, July 18.—"Instead of throwing away money in attempting to clean up the badly infected dairies, why not use it as a bounty for the clean dairies which are free from tuberculosis?" This recommendation, made by Dr. C. M. Haring, assistant professor of veterinary science at the University of California, created surprise at the semi-annual convention of the California Association of Medical Milk Commission, which began its session this afternoon in the pathology building, on the campus.

Speaking further of a bonus for dairies, Dr. Haring said:

"What incentive is offered to the owner of a dairy herd that is free from disease to keep it so when he must meet in competition the products of diseased herds?"

"How, under present conditions, can the average dairyman purchase cows that he knows to be free from tuberculosis?"

Addressing the convention on the subject of "Commercial Advantages of Control of Tuberculosis in Dairy Herds," Dr. Haring spoke upon the question of the economy of actually eradicating the tuberculosis among dairy cows. He said this would entail a cost in California of \$2,000,000 for the test alone, and \$100,000,000 in the United States for the same work.

HOME OF MOTHER

MRS. EDWARD P. JEPSON, who is to entertain at luncheon.

ALAMEDA, July 18.—Mrs. Edward P. Jepson, a recent bride, is a guest at the home of her mother, Mrs. C. B. Abraham, 615 Lincoln avenue. Mr. and Mrs. Jepson will remain in this city until the return of Mrs. Abraham from the south. Mrs. Jepson is planning to entertain at a luncheon at her mother's home Friday and will include many of the members of the younger set in her guest list.

Mr. and Mrs. Jepson are making their permanent home in Oakland, where they have just returned from their honeymoon about a month ago. Mrs. Jepson was one of the belles of this city before her marriage.

Dr. Jordan on War.

Abhorrence of war does not necessarily require one to subscribe to Dr. David Starr Jordan's theory that the nations which fight most are degenerate. History emphatically disproves the theory. Dr. Jordan calls France a "wounded nation," and says she is degenerate and decadent because her best blood was spilled during the Napoleonic wars.

It strikes us that the other nations of Europe spilled a good deal of blood during those wars. And France is not so degenerate and decadent as Dr. Jordan would have us believe. The French are no longer a fecund people, but the decline of fecundity is not so much due to the wars of a hundred years ago as to social causes which cannot be ascribed to war. French thrift has done more to hinder reproduction than anything else. Rural population has declined under a peasant proprietorship of farm lands, and in the cities the marriage tie has become merely a conventional or business arrangement, with the result that the birth rate has declined to a minimum. Nevertheless the French are not deficient in virility or courage.

Dr. Jordan cites Japan as another proof of his theory. Why did he overlook China? He says that after 200 years of profound peace the Japanese showed themselves one of the most virile and martial nations on the globe.

He says truth, but the Chinese are a conspicuous example to the contrary. They never were a warlike people, have never sought conquest and have done less fighting in foreign and domestic wars than any similar body of people of which we have any recorded history.

Germany's experience during the Thirty Years' War was the most terrible and destructive visitation that any country has gone through since Attila and the Goths descended on Southern Europe. During that struggle the German people were not only subjected to the most savage barbarities, but to indignities which degraded their households. Venal, bloody and licentious mercenaries from Spain, Scotland, Dalmatia, Italy, Switzerland, France and Lithuania participated in the slaughter and rapine that raged in Germany for a generation.

Yet today Germany is one of the most virile, progressive and martial empires in the world. Indeed, it ranks as the very first of all military nations. France suffered not one-half so much during the Napoleonic wars as Germany suffered during the Thirty Years' War, and the Germans bore the brunt of the fighting against Napoleon. Some of them fought with him, and their country was continually the scene of conflict between the French despot and his enemies. France was not.

War is barbarous, cruel and wasteful, but it does not destroy race vitality to the extent that Dr. Jordan believes. It arrests progress and brutalizes men, but it does not rob them of virility. It is a relic of savagery and we cordially agree with the president of Stanford university that it should be abolished in the interests of peace and humane civilization, but its admitted horrors and evils are a sufficient argument against it without bringing imaginary complaints against war.

Again the Panama-Pacific Exposition directors have disappointed the public. After repeated postponements they still are unable to agree upon a site for the exposition. There is to be another period of delay at a time when persons who are intending to take part in fair enterprises are anxious to know where the location is to be. A committee of three has been appointed to gather further data respecting the different sites offered, but the report of this committee will not settle anything. Neither faction will accept anything as conclusive nor agree to any mode of settlement that does not give it success. In short, the fight has become so bitter and uncompromising that neither side is disposed to make concessions or accept as a possibility the success of the other side. It is unfortunate that the exposition directors have got things in such a muddle at the outset. The ill-felling aroused may prevent cordial agreement and co-operation hereafter, while the delay in selecting a site operates to discourage exhibitors and others who propose to engage in the activities of the fair.

"When the English barons wrested from King John on Marston Moor the Magna Charta, the right of petition was one of the great boons accorded to the common people," says the Calaveras Prospect. And we have been informed that the editor of the Prospect used to teach school. But our Calaveras contemporary is in slight error, as the Christian Scientists would say, about the time and place of the wresting of Magna Charta from the hands of the tyrant. It was not King John, but Charles I who granted the great charter, and he did not grant it to the English barons, but to Jack Cade; it was not at Marston Moor, but at Lundy's Lane—or was it Peachtree Creek?—that it was handed over. The Marquis of Queensbury refereed the contest and Simon de Montfort seconded the champion. All this occurred at the close of the "whisky war" shortly after the War of the Roses. It was a great day for Ireland.

The Los Angeles Herald figures out that the Angel City will have 925,000 inhabitants by 1919, and considerably over a million by 1920. This is a modest estimate. Indeed, we think it is too small by at least thirty-five. E. T. Earl ought to count for at least a million—the other folks ought to count for something. According to the Herald's computation Los Angeles will be the largest city in the world by 1939. Then it will burst.

"Dr. Wiley is dear to the heart of us Californians, for he not only endorsed the orange as 'pure food,' but medically advised the President to eat at least one orange a day for his health," says the Los Angeles Herald. This is not the best of grammar, but it completely acquits Dr. Wiley of violating the law and disobedience to his official superiors. Dr. Wiley should be no more amenable to law and discipline than the Los Angeles Herald is to the base restrictions of grammar.

Since his encounter with John Sharpe Williams, Senator Bailey knows how it feels to go up against a buzz saw. He does not look as big as he did before the Mississippian tackled him and proved that the rapier is more effective in debate than the broadsword. Bailey was decidedly worsted, and doubtless feels a good deal as Dan Voorhees did after John J. Ingalls got through taking his hide off.

The Republicans of Kentucky have nominated a man by the name of O'Rear for Governor. The name is prophetic. When it is asked after the election where does the Republican candidate stand, the answer will be, "Oh, rear." A man who begins his name with an O has no right to end it with rear. It is an unnatural combination.

THE WILLING CANDIDATES--WHO'S IT?

W. J. Bryan has made up his list of available for the Democratic presidential and vice-presidential nominations. Without expressing a preference for any one, Folk of Missouri, Wilson of New Jersey, and Speaker Champ Clark are indicated as the probabilities, with an extended list of possibilities.—Press dispatch.

The Controller Bay Fanfare.

The more we learn about Controller Bay the more evident it becomes that the row being raised over an alleged land grab on its shores is the rankest kind of political humbug.

The lands around Controller Bay contain no mineral deposits and are not valuable for any purpose other than wharfage and railway terminals. From all accounts they have little value for these purposes.

It transpires that the government has reserved from entry each alternate block of land fronting on the bay, and thereby has prevented any monopolization of the bay shores.

Richard S. Ryan, who is alleged to have written the pocyphal "Dick to Dick" postscript to a letter addressed to Richard A. Ballinger, former Secretary of the Interior, has filed entry on two blocks of land on the shore of the bay on soldier's scrip. Nobody seems to care about taking up the other lands fronting on the bay. Ryan does not represent the Morgan-Guggenheim syndicate, but a syndicate that is promoting a railway line in opposition to the Morgan-Guggenheim line, which has located its terminus at another point on the coast, on land bought from Michael J. Heney—significant name!

The Guggenheims once contemplated making Controller Bay the terminus of their line, but abandoned it after spending a large sum in constructing to that point. They decided that Controller Bay was too exposed, too shallow, and its entrance too dangerous for it to be a safe harbor. Yet the whole pother was raised on the assumption that the Guggenheims were seeking a sea terminus on Controller Bay. The mythical "Dick to Dick" postscript was exploited on that assumption.

It now appears that the shores of Controller Bay have not been and cannot be monopolized and that the entries made by Richard S. Ryan have not yet been approved. Moreover, if they should be confirmed access to the waterfront on Controller Bay is still open to whoever desires to seek it for railway and navigation purposes.

Popular ignorance of the geographical and other conditions in Alaska is evidently being played upon by unscrupulous agitators who either have political or financial ends to serve. Their efforts are preventing the development of Alaska, are discouraging capital from investing there and providing the transportation facilities the territory so sorely needs. For the Guggenheims to buy mines and build railroads is heralded as a crime. Any effort they may make to get available terminal facilities on the sea is denounced as a conspiracy. It is all very mischievous and dispiriting, for only men with large means at their command can afford to build railroads and open the base metal deposits in Alaska.

THE COMSTOCK LODGE

"You've struck it, boys!" Thus said Henry Paige Comstock to Peter O'Reilly and Patrick McLaughlin, who were his fellow prospectors in a search for gold in Six Mile canyon near the present Virginia City, the capital of Nevada. The date was June 10, 1859. In that remote spot in the American wilderness by these three obscure men was made on that day a discovery destined to affect the current of American politics for a score of years and to have for long a disturbing influence on the world's finances.

The thing which was "struck" on that June day of 1859 was the vein covering what came to be known as the Comstock lode, in which were hidden the richest deposits of silver ever found anywhere on the globe. Their development years afterward simultaneously with that of the silver mines of Colorado started the downward flood in the price of silver which broke the old ratio between the money metals, changed the monetary system of the leading nations from the double to the single gold standard, incited the movement, beginning in 1877 under the leadership of Richard P. Bland, for the reopening of the

mines to silver on the same terms as to gold; led hence to the passing of the Bland-Allison Limited Silver-Coinage law of 1878 and to that of the Sherman Silver-Bullion Deposit act of 1890, and was the issue which split the two great parties and made havoc among the smaller ones in 1896, resulting in the act of 1900 which gave statutory recognition to the gold standard in the United States.—Atlantic.

Pointed Paragraphs

Those hanging gardens of Babylon are said to have been 300 feet in the air.
"Why did the king put them so high?"
"Perhaps the neighboring kings kept chickens."—Judge.
"If nature had intended man to fly," said the positive person, "she would have given him wings."
"I suppose, then," replied the aviator, "that if man were intended to travel by water he would be web-footed."—Washington Star.

The Anti-Germ Law

Public drinking cups have now been abolished by law in New Jersey and Illinois, as they had been three years before in Kansas and more recently in Massachusetts. In a dozen states a common drinking cup is now forbidden in factories, stores, schools, hotels, public buildings and on railroad trains. In Kansas the roller towel also has been condemned as a source of infection and its further use prohibited.

These are current examples of the anti-germ legislation which now fills a considerable space in the statute books. The establishment of hygienic safeguards against infection ranges from the regulation of barber shops and provision in sanitary codes against the exposure of food to contamination by flies or dust to laws prescribing the length of sheets in sleeping car berths and hotel beds. No recent phase of American law-making is more noteworthy than the enactment into law of germ theories which a few decades ago were to be found only in the pages of scientific journals. To the scientist's study of the bacilli of disease and of the germ-carrying capacity of the fly and mosquito is due a mass of paternal legislation imposing a benevolent compulsion on the public to adopt health precautions under penalty which it is to its interest to adopt voluntarily.—New York World.

Bachelor Musings

The best thing out—a conflagration. Woman is apt to be the stronger vessel in the courtship class.
Hard cash is so called because it is hard to get along without it.
Country life looks good to everybody except those who have to live in it.
A woman is in society when she changes her accent to go calling.
In putting his best foot forward many a man has made a fool of himself.
You might as well trust a girl as not, because you'll never know anyway.
Wolves that come to our doors are never disguised—so they cannot be blessings.
A woman will gladly compromise if her husband is willing to make all the concessions.
A wise girl is indisposed when a young man calls unexpectedly after she has been eating onions.
There is nearly always some rule at hand that will enable you to prove anything you want to.
In the course of time a woman may forget why she hates a man, but she will continue to hate him just the same.
After a woman gets on the shady side of 30 she would rather a man tell her how young she looks than how pretty she is.
If a girl's mother looks like a house, a man in love with her can be sure she's going to look, at the same age, like the stem of a lily.
The boss places a heap more confidence in the fellow who just quits instead of swearing off.
A clam lays low and keeps still—and for all that the best he gets is a chowder finish.
If mistakes were irremediable none of us would ever get out of the error column.
Instead of handling the wallop to ourselves, we blame it on the demon rum because he can't talk back.
The burro likes to consider himself iron-willed, but he forgets that stuff when they build a fire under him.
Further census returns show that there are 1,179,317 females in excess of males in Great Britain. The figures, however, would be greatly reduced if the soldiers and sailors abroad were counted.
The census returns showed that in Nevada there was only seven-tenths of a man to the square mile.

MUSIC HATH CHARMS

Miss Alice L. Higgins, a Boston charity worker, who is enlisted in a campaign against inebriation, comes forward with the interesting suggestion that the singing of songs will drive the desire for drink out of mankind. She proposes that at the literature regarding drunkenness which a national committee has ably gathered, and which reposes on library shelves for the exclusive use of Harvard students in their compulsory reading, be brought before the public, translated into the vernacular and even into the ballad for the behoof of the erring victims of a guilty thirst.
Miss Higgins does not specify who is to do the singing, whether the entire household shall warble hymns of admonition and warning whenever papa grows restless or whether papa himself shall do the chirping whenever he feels the fit coming on. Neither is the nature of the music indicated. Proceeding on the entirely natural assumption that it must at least be appropriate to the subject in hand, the following list of favorite "pizenzas" and their antidotes is offered in the hope that they may be of some slight assistance in rescuing father from the pit that yawns to receive him, especially during the hot spell.
Whisky straight—"Comin' Through the Rye."
Manhattan cocktail—"The Sidewalks of New York."
Black and white highball—"Auld Lang Syne."
Fousse Cafe—"The Star-Spangled Banner."
Bubble Water—"Champagne Charley Is My Name."
Sloe Gin Fizz—"Handel's 'Largo.'"
Creme de Menthe—"The Wearing of the Green."
Stout Fence—"Rocky Road to Dublin."
Mint Julep—"My Old Kentucky Home Good Night."
New Orleans Fizz—"Way Down South in Dixie."
Yvette—"Sweet Violets."
Rum—"Father, Dear Father, Come Home With Me Now."
Lemon Sour—"In the Gloaming, O, My Darling."
An All-Night Session—"There Will Be One Vacant Chair."
Grand Chorus—"Wait for the Wagon and We'll All Take a Ride."—San Antonio Light.

CARAVANS FOR WOMEN

Caravanning is full of makeshifts and has the air of a prolonged picnic, but it is extremely healthy and women are taking to it very gladly. Not so long ago it would have been thought most extraordinary for a woman to embark on anything so "unladylike" as a trip in a caravan.

Yet women caravan! No milk-baths or three-fold mirrors or fashionable hats are possible. Yet women caravan! No balls, no parties, early rising, early bed, no elaborate dinners, plenty of work, no crowds, no motors, no Ranelagh, no theaters, dirty hands, washing-up—these are the rule in a caravan. Yet the club flourishes on a well-mixed membership.

At Coudon this week it is holding a meet. About twenty caravans are camped in a meadow looking over Surrey down to Sussex, while London seethes and roars and simmers eighteen miles away. There will be camp-fires and certainly camp stories, alfresco entertainments, all the unmatched convivialities of the road. Some of the vans have come 300 miles and will wander back by long detours next week.
Many women have the longing for the

open road in them, but many circumstances prevent their gratifying this particularly wholesome taste. First and foremost among the objections comes that hereditary enemy of woman, the tramp. The tramp might be as weak as a worm, as harmless as a fly, as timid as a fawn, and yet woman would arch her back at him. It is instinctive. Also there are stag beetles and spiders and crows. These perils of the road are largely averted in a caravan.

Two women can caravan together who could never get the courage to camp alone. Nowadays too vans are much improved and are packed like Chinese puzzles, while a quantity of detailed information as to stoves, camps, carriers, etc., is available, and the recent discovery of the wide use of paper-bag cookery will do much to improve the catering for this dalliance on the holiday path.—London Truth.

An item of thirty years ago in an Ohio paper would cause a scandal today: "The Broad-street Methodist Episcopal church people held a picnic at Westerville and came home early and wet."

20 YEARS AGO IN OAKLAND

John Schneider et al. this morning filed with the council a bulky protest against the opening of Buxy street. The document contains some very ugly statements, claiming to the effect that certain real estate men have plotted the opening for the purpose of speculation.

Gilbert L. Curtiss, the capitalist of this city, was very angry today because he received word, from his attorney, Charles F. Hanlon, that he had won an important case in the Supreme Court for the recovery of \$10,000 life insurance. The suit was commenced in 1879.

From the notorious Red House on San Pablo road comes the story that aged Gus Desrosier had been chained to the wall of an outhouse at the place for over a year in order that relatives might enjoy his property and money. In former years sporting men of low degree hopped at the Red House with robbers, fellows and sure things as a house in which no man's life or belongings were safe.

Mr. and Mrs. Jacob Smith celebrated their wedding last evening at their home, Sixth and Oak streets. Among those present were Mr. and Mrs. Lasswell, Mrs. A. Clement, Mrs. M. Crowley, Mrs. James H. Pope, Miss M. Pope, Misses Lily and Lizzie Pope, Mr. and Mrs. John Coleman, Mr. and Mrs.

Henry Haven, Harry Haven, Miss Louise Silveria, Miss Appy Whitty, William Hamilton, E. G. Feintman and A. E. Reinherd.

Miss H. Osborn gave a pleasant party at her home on Telegraph avenue near Sutter street last Saturday evening at which the following were in attendance: Minnie Madden, Annie Madden, Mrs. Kerr, Mamie and Kattie Devereaux, Mrs. Finch, Miss Agnes Farrelly, Beckie and Ellen McCullen, Agnes McCullen, M. Osborn, Miss Dillon, Messrs. Berry, Finch, F. Burns, Charles Moore, Will and Frank Harlowe, Charles Gilbert, Willie Geary, Johnnie and Joe Devereux and A. McCullen.

Among the guests of City Wharfinger Houghton who enjoyed a cruise about the bay Sunday in the yacht Itata were: J. R. Keith, J. B. Holdsworth, Captain T. B. Nichols, J. C. English, J. N. Dunlap, M. K. Houghton.

The Pacific Stock Exchange property has been sold to G. W. McNear of this city. It is supposed that its cost was in the neighborhood of \$155,000.

Mrs. Josephine L. McCoy has commenced a suit against Jesse S. Ivall, the City of Oakland, E. P. Vandercok, C. W. Dearborn and J. L. White. The plaintiff objects to the widening of Twentieth street.

PROF. RINE TELLS OF PROPHECIES IN THE BIBLE

Hundreds Have Come True,
Declares Speaker at Ad-
ventist Camp Meeting.

NO MERE CHANCE OR
GUESS WORK, HE SAYS

Many Attend Gatherings Which
Are Held in Tent at Ashby
and Telegraph Avenues.

Professor Rine of the University
of Michigan, one of the leading speakers
at the Adventist camp meeting which is be-
ing held at Telegraph and Ashby avenues,
delivered the following lecture before a
large audience last night:

"It could not be mere conjecture,
strategy, sophistry, trickery or a lucky
guess for events to transpire in this
world's history, merely upon the pre-
dictions of man and have their
predictions come true, when there are at
least over 700 of them literally fulfilled
word for word, and when they were writ-
ten in many cases 1000 or more years
prior to their fulfillment; neither could
it seem reasonable that men covenanted
with each other, that they put up a job
as it were, that they schemed it before-
hand and had it come to pass as they
predicted, for the reason that the inter-
val of time in most cases was hundreds
and thousands of years between their
fulfillment. Therefore, it seems reason-
able to suppose, at least with some de-
gree of credit, that it must have been
the work, the mind and the acts of a
mighty, supernatural power.

"The Lord prophesied the destruction
of Babylon by Cyrus, exactly how his
name and the date Cyrus by his name
100 years before he was born. Could this
be the work of man?"

NO MERE CHANCE.

"Therefore, when the Lord prophesied
the fall of Babylon, Jerusalem, Tyre,
Mizraim and other places and it came
to pass later than he predicted through
his inspired prophets, could it possibly
have been the mere work of chance and
with so many evidences of truth on that
side?"

"There is not a man upon the face of
this earth so presumptuous as to under-
take such a proposition, nor could he
be called sane to undertake it, medium or
seer though he were, aside of God's order.
Except had 100 predictions made about her,
Egypt had been the work of chance, and every
one of them had occurred. She was the
nation paramount above all the earth for
centuries. She oppressed and ground
down the people of God, and she after-
wardly met her own fate and retributive
punishment as the result of what she had
done, for that law never fails to become
true in this world. Her rivers were to
dry up, her fortifications were to turn
into a dry desert waste. Did it happen? Most
assuredly.

"So true has that fulfillment been
carried out that the very pyramids, once
in the heart and center of the richest
portion of the granary of the world, are
now so fast being covered with sand that
there is danger that they will be com-
pletely covered out of sight in time.
There are 70 predictions alone in the
XXVIII chapter of the book of Deu-
teronomy, and every one of them has been fulfilled to
the letter.

"It is thus that we could go on and
prove from one prophecy to another the
fulfillment of them in which they occurred.
With the wonderful discoveries of sci-
entific research in modern times, with the
buried cities and palaces brought to the
light of day, how can we any longer
hesitate and say that work is not true
and all these things come by chance?"

CHAUTAUQUANS OPEN SECOND WEEK TONIGHT

PACIFIC GROVE, July 18.—The Chau-
tauquans assembly opens its second week
this evening. The Honorable J. Frank
Hanley, former governor of Indiana, will
leave on "The Patriotism of Peace."
Tomorrow afternoon Judge Thomas H.
Hayden of San Francisco will speak on
"Our Government and Its Democratic Ten-
dencies." In the evening Hanley will give his second ad-
dress.

Thursday afternoon DeWitt Miller will
lecture on "The Reverses of a Bachelor,"
and in the evening Dr. D. F. Fox of Pasadena
will lecture, and again on Friday
afternoon.

Friday evening DeWitt Miller will close
the assembly program with a lecture on
"The Self-Sufficiency of the Republic."
Saturday evening the feast of lanterns
takes place on the beach.

CONBOY TRIAL PUT OVER TILL MONDAY

SAN FRANCISCO, July 18.—By mutual
consent of the district attorneys office
and the Superior Court, the second trial
of Michael Joseph Conboy, former police
captain, accused of killing Bernard Lagan,
was put over until next Monday.

DIES WITH SECRET UNREAR.
BALTIMORE, July 18.—Andrew
Gernand is dead here at 63 years of
age, after having experimented 55
years trying to find perpetual motion.
Although his work cost him a fortune
and he died practically penniless, his
two sons, William Henry Gernand of
Avola, Ill., and Charles Gernand of
Chicago, became millionaires by per-
fecting inventions that he suggested
to them.

HOW TO BANISH WRINKLES QUICKLY

(From Guide to Beauty.)
If the average woman only knew it,
it is not so difficult to preserve the
youthful contour and velvety smooth-
ness of complexion. Every woman
hates to see her face wrinkled or bag-
ged, and practically every one has ex-
perimented with some sort of patent
remedy in the effort either to remove
such condition or ward it off.
As a matter of fact, the most effective
remedy in the world is one that any
woman can easily make up her-
self at home, in a moment's time. Let
her take one ounce of pure powdered
sassafras, which she can purchase at
any drug store, and dissolve it in a
half pint of witch hazel. Apply this
refreshing solution to the face every
day. The results are surprising and
instantaneous. Even after the very
first application, a marked improve-
ment is apparent. The wrinkles are
less in evidence and the face has a
comfortable, snug feeling of firmness
which is most delightful.

AUSTRIAN EMPEROR, TO KEEP PACE WITH MILITARY PROGRESS, WANTS MORE TROOPS

Francis Joseph Seeks to
Have His Army
Reorganized

VIENNA, July 18.—Emperor Fran-
cis Joseph opened the Reichstag at
the Hofburg today. The archdukes
were present and there was a large
gathering from the upper and lower
houses.

The speech from the throne, which
the emperor read in a strong, clear
voice, showing no trace of his recent
illness, emphasized the necessity for
the reorganization of the army to
make good the deficiency of the past
years and to keep pace with the develop-
ment of military forces which is pro-
gressing rapidly everywhere.

A little later in his speech he said
he trusted the blessing of peace would
continue assured to Austria-Hungary
by her intimate relations with her
allies, which are unalterably cordial,
as well as by the friendly relations
which the monarchy is cultivating
with all the powers.

The necessity for the creation of
new financial resources was mentioned
and announcement made that provi-
sion would be made for the develop-
ment of foreign commerce. The em-
peror earnestly exhorted in favor of
the cessation of factional strife.

VALLEJO PIONEER DEAD.
VALLEJO, July 18.—Cornelius Mac-
Cauley, a prominent pioneer resident of
this city and father of the late
MacCauley, died suddenly here yester-
day.

EMPEROR FRANCIS JOS-
EPH of Austria, who wants
a larger army.

PANAMA-PACIFIC FAIR SITE STILL IN THE AIR

Vote at Yesterday's Meeting Fails to Select
Place and Postponement Is
Had Until Friday

SAN FRANCISCO, July 18.—After
a meeting held yesterday of the di-
rectors of the Panama-Pacific Expon-
sition Company, during which time the
site for the 1915 fair was not decided
upon, the meeting adjourned until
next Friday, when it is expected that
there will be cast the required num-
ber of votes to carry the proposition.
Reports from three special commit-
tees that had been appointed to ad-
vise upon the three sites considered
available were received.

Alfred Esberg reported on the Har-
bor View site, Mr. H. de Young on
lands in the Richmond or park dis-
trict, and A. W. Foster in regard to
the Sutro-Merced site. The latter di-
rector, who presided, said that at the
close of the meeting it was stated that
the situation remained practically the
same.

There were 24 directors present, in-
cluding President Charles C. Moore,
Secretary Rudolph J. Taussig, John
Barnes, N. J. Brandenstein, John A.
Britton, Phil T. Clay, Andrew M.
Davis, M. H. de Young, Charles de
Young, Alfred J. Esberg, Henry F.
Fortmann, A. W. Foster, B. H. Hale,
I. W. Hellman, Jr., Mayor P. H. Mc-
Carthy, James McNab, James R. Polk,
Jr., A. W. Scott, Jr., Henry T. Scott,
C. W. Sloos, C. W. H. Sutter, Fred
Hogue, Frank L. Brown and Curtis H.
Lindley, who took his seat in the
board for the first time since his elec-
tion to fill the vacancy created by the
resignation of W. B. Bourne.

The absentees were William H.
Crocker, Charles S. Peck, Homer S.
King, Thornwell Mulally and Dent H.
Robert.

COMMITTEE TO REPORT

A committee consisting of I. W.
Hellman, Jr., Captain John Barneson
and Andrew M. Davis was appointed
to report back next Friday on all the
available land sites, including the
terms and conditions upon which they
may be utilized. It is specified that
the report of the committee should
shall be used by the board in getting
the question. The details of the voting
yesterday were not given out after the
meeting, but at the conclusion of the
meeting President Charles C. Moore
gave out the statement:

"I feel very much gratified at the
progress that is now being made. The
data information we have before us,
which is needed for final selection,
necessarily has taken a long time to
procure, and the board is getting a
thorough and intimate knowledge of
the conditions of all the sites so that,
with the aid of the professional men
who will soon be connected with us
to finish the necessary technical in-
formation, we should be able to reach
a conclusion within a very short time.
The board regrets with the public
that they have not been able to reach

a conclusion before this, but urges a
little further patience, and wishes to
add this suggestion: that we have
five years, and all time, for that mat-
ter, to either regret or approve our
final selection, and most earnestly feel
that we should wait until the neces-
sary five days longer to reach a conclusion
that we can thoroughly justify."

CROWD GATHERS.

During the session of the board in
the afternoon the rumor spread about
town that a decision had been reached.
A large crowd gathered outside the
assembly room in the Chamber of
Commerce eager to get the result of
the deliberations. When the directors
came out they were besieged by ap-
plicants for a hearing of the Islals
Creek and Bay View sites, but they
were told that there was no chance of
such being granted as the lands would
not be available.

The close of the meeting the
directors gave out the following official
statement:
"Reports were received from com-
mittees on the Harbor View site, the
site which takes in Golden Gate and
Lincoln and the Sutro-Merced site,
respectively. Heretofore the board
has had nothing definite in the
way of tenders of the land. They
have now received through the com-
mittees a detailed report of the situa-
tion of the land, and the board is now
in a position to make a decision in
each case they are all practically
available.

NOT NECESSARY VOTE.

"After much discussion the matter
was put to a vote, but no site received
the necessary sixteen votes. A subse-
quent ballot produced the same re-
sult. As the reports of the committee
called for verification and tabulation
a committee consisting of I. W. Hel-
lman, Jr., Captain John Barneson and
Andrew M. Davis was selected to go
over all the tenders of land, with the
aim of making a report, together with
a recommendation to the board of the
most available location, based on the
reports and data submitted."

The president announced that early
next week the names of the architect-
ural commission and director of works
will be submitted to the board for ap-
proval, it being clear to all that the
board is now at the present advanced
stage of its deliberation where tech-
nical and professional skill is required.
"As the committee will require a
few days for its investigation and as
the board has accepted the invitation
of the Panama-Pacific Exposition
company to hold the fair on the San
Diego site, a preliminary technical
and professional skill is required.
"As the committee will require a
few days for its investigation and as
the board has accepted the invitation
of the Panama-Pacific Exposition
company to hold the fair on the San
Diego site, a preliminary technical
and professional skill is required."

In the Spring Valley letter of protest
that he had been wronged by the
"franchise" value, and Secretary Be-
han of the company asserted that Dodge's
statement had been taken from the
company's inquiry concerning its assess-
ment, and might not have covered "franchise
valuation as understood by the
assessor."

Voting to uphold the assessor's situa-
tion and confirming the whole roll the
board adjourned.

Ingrowing Toe Nails Splendid Scientific Remedy for This and All Shoe Feet

Ingrowing nails, like all foot troubles,
continue to grow worse after once start-
ing, unless properly treated. Aside from
the awful torture, serious results often
follow neglected sore feet, such as gas-
trene and nervous disorders. The only
thing to do for ingrowing
toe nails is to use an old shoe
remedy to relieve the pain, and then
reduce the inflammation by using
the foot bath as follows:
"Dissolve two table-
spoons of Calocide compound
in a basin of hot water;
soak the feet in this for full
fifteen minutes, gently massaging the
sore parts. (Less
time will not give desired
results.) Repeat this each
night until cure is perma-
nent." The effect of Calo-
cide is truly marvelous for
foot ailments, and it is
as if by magic and the feet feel simply
delightful. Corns and callouses can
be peeled right off. Bunions have the in-
flammation entirely drawn out and are
reduced to normal size. Sweaty and
smelly feet, swollen and tender feet, need
merely be confined to doctors' use, but
will quickly get it from his wholesale
house. A twenty-five cent package is
said to be sufficient to cure the worst
feet. This will be especially welcome
news to those who have been vainly try-
ing to cure their feet with patent pow-
ders and ointments.

'U. S. DISCOURAGER OF REVOLUTIONS' TRIES TWO

Jos. R. Darling Charges Mo-
rales and Jimenez With
Violating Treaty.

FIRST CASE OF KIND
SINCE LAW WAS PASSED

American Merchants May Be
Dragged Into Porto
Rican Inquiry.

NEW YORK, July 18.—Uncle
Sam's first official "discourager of
revolutions" landed here today to re-
port a successful mission in Porto
Rico. He is Joseph R. Darling, special
agent of the department of justice,
and he has just told of having
held for trial General Carlos F. Morales
and president of the Santo
Domingo republic, and General Ma-
rice Jimenez, former vice-president.
They are charged with violating the
neutrality laws in attempting to or-
ganize in Porto Rico a military expe-
dition against the country they for-
merly ruled.

"This is the first case of the kind,"
said Darling, "instituted by the United
States since the act of March 4,
1895, which was passed for the spe-
cial purpose of discouraging the for-
mation of revolutionary enterprises
against the weaker Latin-American
republics. Morales and Jimenez made
a bitter fight before the United States
commissioner in San Juan, but the
evidence against them was too strong."

"Morales, the leading spirit, made
his headquarters at New York. He
made arrangements here for the pur-
chasing of large quantities of arms
and ammunition and entered into ne-
gotiations for a war vessel. His op-
erations were so far-reaching that a
number of prominent New York mer-
chants and exporting agents have
been subpoenaed to appear at the
trial in Porto Rico next fall."

Under the new law the penalty
Morales and Jimenez must pay if found
guilty is a fine of not more than \$3000
and a maximum imprisonment of
three years.

STANDARDIZATION UNDER DISCUSSION

Heads of Harriman Lines Meet
in San Francisco for
Conference.

SAN FRANCISCO, July 18.—For the
purpose of discussing matters relative
to the standardization of the Harriman
lines, the vice-president and general managers
of all the big systems of railroads and
those in which the Harriman interests
have large holdings, met in annual
conference yesterday in the offices of Vice-
President and General Manager E. E.
Calvin in the Southern Pacific Company
in the Flood building. The conference
was continued today.

The purpose of the Harriman lines is
a work that was inaugurated years
ago when Julius Kruttschnitt was sent
to Chicago to negotiate with the
director of maintenance of way and
operations of the whole system. The
Harriman president and general man-
ager where any kind of rolling stock
from a great compound locomotive down
to a passenger car, and a large number
to any division and find there any article
necessary in repairing it.

SYSTEM EXTENSIVE.
The standardizing extends even to the
stock system of switching, which was
one of the subjects discussed yesterday.
Each manager and his assistants gather
around the yearling table to needed
changes and present them for discussion
at these conferences.

The officials attending the meet-
ing are the following:
E. E. Calvin, vice-president and gen-
eral manager of the Southern Pacific
Company; A. L. Mohler, vice-president
and general manager of the Union Pa-
cific at Omaha; J. C. O'Brien, vice-
president and general manager of the
Oregon-Washington Railroad and Na-
vigation Company at Portland; Thor-
nwell Mulally, vice-president and gen-
eral manager of the Louisiana and Texas
lines at New Orleans; W. L. Park, vice-
president and general manager of the
Illinois Central at Chicago; R. E.
Wells, general manager of the San
Francisco and North Pacific at Los
Angeles; W. R. Scott, assistant
manager of the Southern Pacific at San
Francisco; J. C. Davis, general su-
perintendent of the Oregon Short Line
at Salt Lake City; J. M. Davis, general
superintendent of the northern district
of the Southern Pacific at San Francisco;
E. W. Campbell, assistant general man-
ager of the second district of the Oregon-
Washington Railroad and Navigation
Company at Portland; J. C. O'Brien, vice-
president and general manager of the
Seattle and P. V. Platt, general superin-
tendent of the southern district of the
Southern Pacific at San Francisco;
Graham and M. C. Soule, assistant man-
agers of the Oregon line; D. H. Camp-
bell, assistant general manager of the
managers of the Washington line; J. C.
Barnum, general superintendent of
motor power, Illinois Central Railroad.

SONOMA CO. PIONEER CROSSES LIFE'S PLAINS

HEALDSBURG, July 18.—Charles
Mathews, a pioneer resident of Sonoma
county, died yesterday at his home in
Alexander valley, north of Healdsburg.
He was a native of Tennessee and was
87 years old.

He crossed the plains in 1849 and en-
gaged in mining in California. Later he
went to Santa Rosa and in 1884 is cred-
ited with having built the first house in
that place. During the last 43 years he
has been engaged in fruit growing.

Last week he and his wife celebrated
their eighth wedding anniversary.
The remains will be interred in this city
Tuesday morning under the auspices of
Masonic and Eastern Star lodges.
He is survived by a wife and seven
children, who are: Mrs. John Bidwell, Mrs.
James Patrick, Mrs. George A. Johnson,
Mrs. I. R. Beeson, Mrs. Elton Chittwood,
J. W. Mathews and Charles H. Mathews
Jr., all of this city.

LODGERS FLEE WHEN FIRE DAMAGES HOUSE

SAN FRANCISCO, July 18.—Fire
broke out in the saloon and lodging
house conducted by Francisco Daniels,
Seventeenth and Missouri streets,
shortly after midnight, causing dam-
age to the amount of \$1000. All of
the inmates were aroused and suc-
ceeded in saving their personal be-
longings. The cause of the fire has
not been learned.

FRENCH HAND-EMBROIDERED CHEMISE—Beauti-
fully finished, 69c.

Full line of famous Masonville Undermuslins.
Specialty of Extra Size garments of all kinds.

OFFERS TO GIVE WIFE ALIMONY

Woman Declines to Leave
England to Join Her Hus-
band in California.

SAN FRANCISCO, July 18.—Ralph
Hancock, a consulting engineer, who left
his home in England in 1907, and since
has been unable to persuade his wife to
join him with their two children, volun-
tarily announced his intention of allow-
ing his spouse \$80 monthly alimony in
Judge Conley's court this morning. The
Hancocks were married June, 1892,
and have two children, Charlotte, aged
20, and Florence, aged 13. The husband
left his wife, Ellen, in Milford, England,
to come to California, hoping to better
his condition, and succeeded beyond his
expectations.

Repeated efforts to get Mrs. Hancock
to join him proved futile and Judge Con-
ley today gave him a decree without
specifying alimony. It was then that
Hancock announced his intention of pro-
viding for his family.

TOOK ANOTHER OUT
TO DINNER; DIVORCED

Joseph Webb took a woman friend
to dinner one evening in a downtown
cafe and just as they were enjoying the
spread his wife walked in on him. This
so disconcerted Webb that he telephoned
the next day to his mother-in-law asking
that she inform the home of his wife.
Several months afterwards Webb was
accosted by his wife on the street. She
asked him if he intended to take her
back. His reply was: "I can't
support a jackrabbit, much less a
wife." Then Mrs. Blanch Webb con-
sulted an attorney and late yesterday
an interlocutory decree of divorce was
granted to her.

BIG TURTLE DISGORGES
PENNY COINED IN 1770

BOSTON, July 18.—After Romano
Glenette, an East Boston shoe worker,
captured a 350 pound turtle yesterday at
Chelsea beach by seizing it by the tail,
the turtle spit out a large copper penny.
The coin was minted in 1770 and marked
with the name of George III of England.

The turtle, which measures more than
two feet from head to tail, is believed
to be 141 years old. Through a hole
bored in the turtle's shell, it is attached
a heavy wire, indicating that it was once
in captivity.

The turtle was discovered early yester-
day on the beach by small boys. No one
dared to touch the shellfish until the
temperatures as the mercury rose ac-
cording to an Interborough Rapid
Transit statistician, who has just re-
ported to the public service com-
mission the underground traffic during
eight days of the recent spell, as
compared with eight days of early
December last.

On July 5 last only 550,000 people
rode in subway trains, as compared
with 1,000,000 on December 1. During
the eight days of the hot spell the fig-
ures were 4,000,000, as compared with
7,000,000 during eight days of Decem-
ber last.

A bad taste in the mouth comes from
a disordered stomach, and back of that
is usually a torpid liver—a condition
which invites disease. HEREIN is the
remedy needed. It corrects the stomach
and makes the liver active and regu-
lar. Price 50c. Sold at Whist's drug store,
1001 Washington street.

SUBWAY TRAFFIC GAUGE
TO THE TEMPERATURE

NEW YORK, July 18.—Daily count
of passengers in the subway furnishes
almost as accurate a gauge to the
temperature as the mercury itself. Ac-
cording to an Interborough Rapid
Transit statistician, who has just re-
ported to the public service com-
mission the underground traffic during
eight days of the recent spell, as
compared with eight days of early
December last.

On July 5 last only 550,000 people
rode in subway trains, as compared
with 1,000,000 on December 1. During
the eight days of the hot spell the fig-
ures were 4,000,000, as compared with
7,000,000 during eight days of Decem-
ber last.

A bad taste in the mouth comes from
a disordered stomach, and back of that
is usually a torpid liver—a condition
which invites disease. HEREIN is the
remedy needed. It corrects the stomach
and makes the liver active and regu-
lar. Price 50c. Sold at Whist's drug store,
1001 Washington street.

SANTA ROSA POSSE HUNTS
FOR MISSING HUNTER

SANTA ROSA, July 18.—Fifty men are
scouring the hills near "The Geysers," 30
miles from Santa Rosa. Searching for
John Hess, a Santa Rosa business man,
who disappeared in the mountains last
Saturday. Hess became separated from
his companion, Henry Heim, on a hunt-
ing expedition. The country where the
two men were camped when Hess dis-
appeared is rough, and it is feared he fell
over a precipice.

HOME LIFE IS REVEALED

Photograph Reveals Some Wonderful Things
About Oakland Home Builder

The camera has accomplished some
wonderful things, but the possibilities of
this almost human mechanical device is
limited.

When proper subjects are provided the
camera can produce some of the most
marvelous results, but the subject matter
must be the best.

The great competitive photographic
plan outlined by THE TRIBUNE some
days ago, wherein the builders and own-
ers of handsome bungalows were to be
rewarded for their slight work in sending
in the best photo obtainable of those
clever little beauty spots, has filled the

office with inquiries, and photos are be-
ing forwarded.

This competition will be published in
a few days and the outside world will
marvel at the attractiveness of Greater
Oakland. The weather is ideal for pho-
tography and Sundays have been turned into
photographic house parties. What lady
would not be proud of having the photo
of her home sent to home sent abroad in
THE TRIBUNE?

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

THE wedding of Miss Gladys Moore and Gail Cleland takes place tonight at the Trinity Methodist Church before 200 invited guests. Rev. C. B. Dalton officiating. The marriage is the culmination of a college romance, when both were students at the University of California. The bridegroom of honor will be her sister, Miss Grace Moore, while the bridesmaids are Misses Lillian Fink, Lella Beech, Bessie Willis, Florence Beck, Hollis Moore and Lotta Cleland. Cleland's attendants will be F. P. Bloomer, Elmer Morrish, Allen Kimball, Lieutenant R. Finger, George C. Jensen and H. R. Bergh.

Miss Moore is the daughter of E. P. Moore, a lumberman, with extensive interests in Oregon. The family lived in Michigan until five years ago, since when they have taken an active part in the life of the college town. Their home on Dana street has been a center of much hospitality.

Cleland is the son of W. J. Cleland from the State University with the class of 1909. He has been an instructor at the St. Matthew's Military school at Eugene for the last two years, resigning his post a few weeks ago to accept the commission from the Japanese government. He has been appointed head of the English department at the Tohoku Imperial University at Sendai, Japan.

After an elaborate reception, which will follow the ceremony, the couple will take a short trip along the coast before sailing for the Orient.

Another wedding to take place today is that of Miss Geneva Ball, who will become the bride of Professor Charles Gilcrest. The Rev. C. H. Hobart will read the marriage ceremony. The wedding will be a quiet, but beautiful affair, with Miss Minnie Kahl will be the bride's only attendant. After the honeymoon Professor Gilcrest and his bride will make their home in Berkeley.

RETURNS HOME.

Mr. and Mrs. J. E. Whitehead of 1027 Union street have returned home after a two weeks' outing in Sonoma county. Mrs. Whitehead will soon leave again for Ukiah, where she will be the guest of Miss Pearl Robertson for about ten days.

AT DEL MONTE.

Mr. and Mrs. Theo O. Hiltbourne are registered at the Del Monte Hotel.

COMPLIMENTARY TEA TODAY.

Mrs. Edwin Leach was a delightful hostess today when she presided over a prettily arranged tea in honor of her sister, Miss Grace Stalder, whose wedding to A. K. P. Harmon Jr. has been set for July 21 at the home of the bride's parents, Mr. and Mrs. J. Stalder, in East Oakland.

Seventy-five guests called this afternoon between the hours of 3 and 6 to offer their good wishes to the guest of honor.

The house was beautifully decorated. The hall was a bower of Shasta daisies, while the living room was decked in corbels and the dining room in a profusion of pink sweet peas.

The hostess wore a very effective gown of yellow messaline trimmed in old lace, while Miss Stalder wore a white lingerie.

Next Saturday afternoon Miss Cecil Harrold will entertain about fifty guests in honor of the bride-elect, Mrs. Leach was formerly Miss Bertha Stalder, and her wedding to the well-known business man was an event last year. She is a beautiful home in Piedmont, which is frequently the scene of many social gatherings.

RETURN HOME.

Mrs. Roy Kimball and her daughter Bernice have returned from Bakerfield to pass the summer in their home in Fruitvale.

TOURING EUROPE.

Mrs. W. D. Huntington and her sons, Robert and Leland, will be home July 26 after a four and one-half months' trip in Italy, Switzerland, Germany, France, the Netherlands and England and Scotland.

Dr. Huntington joined his family in Paris in May and they then toured Scotland and England by motor.

The doctor will remain several weeks longer in the city of Paris, where he will visit the hospitals, returning to this city in August.

WEDDING OF INTEREST.

An engagement of interest to friends on both sides of the bay is that of Miss Laura Darling, daughter of G. W. Darling, acting consul at Hongkong, to Wilfred Cooper Foster of Alameda. The wedding of the couple will take place in October, and later they will go to Honolulu to reside. Foster will be in the government employ with Miss Darling's father, who will be stationed at Honolulu. Foster is a young man of 25.

A Skin of Beauty Is a Joy Forever. R. T. Hopkins' Cream of Meigs' Beautifier.

27 Great Jones Street, New York.

WOMEN IN THE NEWS

CAMOIS' FINANCIAL PLANS GET A JOLT

Intention to Sail for America and His Heiress Is Suddenly Changed.

Now Says Engagement to Miss Sherman Does Not Exist.

LONDON, July 18.—Lord Camois is a disappointed man at the trend of events in connection with his courtship of Miss Mildred Sherman, daughter of Mr. and Mrs. Watts Sherman. He had intended to sail Saturday on the Mauretania to visit Newport and press his suit, but some obstacle has arisen and he has canceled his passage.

Interviewed at his unostentatious flat Lord Camois said:

"I have made no statement regarding my engagement to Miss Sherman, because the engagement does not exist. I have no intention of going to America at present. I may go later."

Camois denied that the present stage of the courtship justified an announcement, but it is known among his friends that the young peer has been in constant correspondence with Miss Sherman and that he recently received encouraging news from Newport.

Every one here believes that Mr. Sherman is opposed to the match and that Lord Camois has been waiting word to sail. The voyage, if unsuccessful, would be most humiliating to the nobleman.

Lord Camois is seen often with Violet Asquith, daughter of the premier, but he prefers the American match. Lord Camois is not rich. He owns a small country seat at Henley, but no castles. His uncles, the Hon. Eddy and Henry Storr, were intimates of King Edward.

Miss Barrymore Leaves

SACRAMENTO, July 18.—Ethel Barrymore and party left Sacramento Sunday afternoon for New York. Tickets were purchased clear through without a stop, and all engagements to the Miss Barrymore had on the coast were suddenly canceled, the Sacramento stand being the last for the company.

No statement was given out here by Miss Barrymore or her manager, further than that unexpected business affairs in the East forced her to cancel engagements and make a hurried trip to New York. Miss Louise Drew, daughter of John Drew, accompanied her, and as tomorrow, entertaining in her honor the Misses Adelaide Blood, Irma Caruth, M. A. Raum, Mesdames John Hunter, Allen Lindsley, E. K. Waterman, William Carruth, Vernon Franklin, Bess McCloskey, Harvey Leach, William Faint.

On the following day Miss Irma Carruth will entertain for her at another shower.

AT CARD TABLES.

Mrs. William Channell entertained today at luncheon and cards in compliment to Mrs. Wilfred Hughes, formerly Miss Cornelia Hinchman. The affair is offered by way of farewell to the young matron, who will return to Portland Thursday, after a sojourn in the bay cities. Since her marriage Mrs. Hughes has lived in the north, where her husband is connected with lumber interests. Her friends in Oakland have entertained extensively for her during the summer visit.

Friday evening Mrs. Thomas R. Quire will entertain at cards in honor of Mr. and Mrs. James Tallman, who will leave shortly for an extended tour abroad. Sixteen friends have been asked to meet the departing travelers. After the session at the bridge tables music will be enjoyed and supper will be served.

IN BRUSSELS.

Miss Ruth Casey and Miss Helen Ashton are established in Brussels, where they are enjoying with keen interest life in the foreign city. They recently completed a tour of the Rhine country.

By the time the policeman reached the chancel the woman seemed to be in the middle of her sermon. She was saying:

"I have been sent here to lead the sheep back to the flock. This is the time and I will speak."

When the policeman reached her side and took hold of her arm she did not cease to preach, and he was forced to lift her down from the step, while she cried:

"At last I have found by sheep." As she was being led past the pew where she had made her toilet a few minutes before, she reached in and took out her hat, coat and a pair of black patent leather slippers, and then preached on as she was being led from the church by the policeman. On the steps a large crowd gathered to hear the rest of her sermon, which she continued to the policeman.

At the police station she insisted on wearing an embroidered bag as a cap and declared it was St. Patrick's hat, which she had inherited by divine right. She said she was formerly an Episcopalian, but that she had been converted to the Catholic faith to save souls and she thought the most fashionable church in Philadelphia was the best place for her to begin this work. She is being held for examination.

Will Fast for Sisters

NEW YORK, July 18.—To aid the women of California to win what suffrage for women is presented to the voters here on October 10 New York suffragists have agreed to observe a week's fast next month. For the seven days beginning August 15 the women will forego ice cream, cooling drinks, roof garden parties and week-end visits. Many women have subscribed to the plan. The money saved will be turned over to the California cause.

Miss Is of Death

COLVILLE, Wash., July 18.—Just as he was kissing his little daughter good-bye, Mrs. W. L. Terry fell into her arms dead, the victim of the accidental discharge of his own revolver. The tragic death of the officer occurred at about midnight Sunday, when Terry was preparing to go out on his beat. He was placing the weapon in its holster when the trigger caught.

Goes to Aid Sister

CINCINNATI, July 18.—Andrew Caldwell, said to be a wealthy real estate broker of Pasadena, Cal., arrived in this city yesterday and it is expected that before he leaves any shortage that is discovered in the accounts of his sister, Mrs. John Gallagher, former society woman, treasurer of the home for incurables, will be settled. Mrs. Gallagher is now in the observation ward at Longview asylum, she having been committed there on a lunacy warrant sworn to by her son after discoveries were made tending to her a shortage of \$20,000 to \$25,000 in her accounts.

Bride at Store Finds Husband Bigamist

LOS ANGELES.—If Mrs. Bertha Shuley Powers, a bride of forty-eight hours, had not dropped into a millinery store to purchase a hat for her honeymoon journey, probably she would still have been in blissful ignorance that her husband had another wife from whom he had not been divorced.

When Mrs. Powers entered the Swobdi millinery store, 749 South Broadway, Monday morning to look at hats, she was waited on by Mrs. Willa Wallace Powers, a saleswoman. In chatting over styles, shapes and trimmings, the customer blushing admitted that she was married only last Saturday, and she also added, with considerable pride, that her husband, John W. Powers, was one of the best and nicest of men.

"Why?" exclaimed Mrs. Willa Wallace Powers, "my husband's name is John W. Powers, but I haven't seen him for a long time. He ran away from me in Cleveland, Ohio, months and months ago."

"It's funny," said Mrs. Bertha Powers, "that we should both have husbands of the same name."

There was a further comparison of notes and finally Mrs. Powers, the millinery clerk, insisted that Mrs. Powers, the bride, go to her rooms at 124 North Rio street, where she had photographs of her John W. Powers.

Monday evening the two women met as arranged, and the photographs of John W. Powers, the husband of the milliner, were the photographs of the John W. Powers, the husband of the bride of forty-eight hours. Marriage certificates were also compared, and it was shown that Powers and Willa Wallace had been married in Cleveland, Ohio, March 17, 1909, by the Rev. Mr. Beck of the Methodist church, and that Powers and Bertha Shuley were married Saturday, July 1, by the Rev. J. W. Browner, pastor of the Temple Baptist Church.

While the two women were talking the telephone bell rang. It was Powers on the wire. He was inquiring for his bride, who had told him where she was going. He was told to come up. He did and received the surprise of his life when he was confronted by both of his wives.

Powers acknowledged that he had deserted and failed to secure a divorce from No. 1, but he begged her to permit him to go ahead and get a divorce now and marry No. 2. Both women rejected his proposition and consulted the police.

Detectives Hosick, Ziegler and Ingram, after a complaint had been got from the District Attorney, arrested the Powers and placed him in the city jail on a charge of bigamy. The two wives spent the Fourth together at the beaches, after visiting their husband in jail. Powers freely admits his guilt.

TESTS GUN AND AS RESULT KILLS FIANCEE

KEYPORT, N. J., July 18.—Annie Fritzinger, 17 years old, of Murray Hill, N. J., was accidentally shot and killed here this afternoon by Frank Cook, of the same age, to whom she was engaged to be married. Miss Fritzinger formerly lived here, having moved to Murray Hill only a short time ago.

She came here to visit the Cook family. Young Cook was testing a revolver, which he supposed was not loaded, when it went off, the bullet entering the girl's abdomen, killing her instantly.

Cook, the son of Robert Cook, of Pine street, both her and his father are employed at the traction company's powerhouse. Corner John I. Siskies, who was notified, took young Cook's statement and gave a permit for the removal of the body. Cook was not arrested.

Farmer Spanks 3 Girls

TRENTON.—Three pretty girls of Trenton, who were surprised by a farmer of Morrisville, Pa., while making a raid on his cherries and currants, fled from his orchard, leaving behind a pair of shoes and stockings and a fancy pocketbook containing \$1 cents. Dr. William H. Kunsman, in his capacity of justice of the peace, has the purse.

The farmer, who does not disclose his name because he has to depend on Trentonians for his customers, also administered a spanking to the girls. The fair raiders escaped without their identity being discovered, but they created much excitement while running through Morrisville.

SWISH OF SKIRT DISABLES MOTOR BOAT

BELLINGHAM, Wash.—Just the merest swish of a woman's fluffy outer skirt caused a party of well known Bellingham people to spend the night on the waters of Bellingham Bay, and the morning in a long walk from near Point Francis to Marietta.

The members of the party were Eagan Adair and wife, Hugh Burlingame and Frank Vance. They left here in the evening in the launch Oasis, owned by Vance. Their objective was Anacortes. When some distance from this port

Mrs. Adair's dress was caught in the engine, and the wheels clogged and some part of the machinery broke, putting the engine out of business. There were no other boats in sight. The party crowded the motor boat, floating ashore in the early morning hours near Point Francis.

The boat was abandoned and the party started out to walk to Marietta. At one place they were forced to wade through shallow water knee deep, in order to get to the reservation.

German Singer Is Coming Here

MARIE OTTMANN, who is to appear in New York in light opera.

NEW YORK.—Marie Ottmann, a German singer, is going to appear in New York next season in light opera. She is pretty and clever and it is believed she will make a hit in America. It is a long time since we had a real prima donna worth hearing in comic opera, and if Marie is that kind she will be very welcome. That is her reputation abroad and of one thing we are quite sure—she is nice to look at.

AGED COUPLE SEEK A PLACE TO WED

PITTSFIELD, Mass.—Augustus G. Grimes, 76 years old, a retired liveryman of Keene, N. H., and Mrs. Ruth Victoria Ballantine, 73 years old, formerly of Springfield, and three times a widow, have been traveling for two days in New England to find a place to marry. They stole away from Pittsfield and went to America.

The aged couple have announced their betrothal in letters to friends sent from Mr. Baker's yacht Viking, on which they have been cruising for several days with a party of friends and Mrs. H. H. Rogers, Jr., as chaperone.

The Bakers and Kanes have been near neighbors for many years. The marriage will unite two of the foremost banking families in the country. Greenville Kane is an immensely wealthy banker and George Baker, Sr., former president of the First National Bank, is one of the richest men on this side of the Atlantic.

J. Pierpont Morgan, who revises adjectives downward and conserves superlatives as precious gems to be kept in the chest, did not long ago that George F. Baker, Jr. was one of the clever young business men to whom the coming generation could look for a leader.

Gun Wielders Act

NEW YORK, July 18.—The initial appearance in vaudeville yesterday of Lillian Graham and Ethel Conrad, who shot Stokes, brought about the arrest of four men for ticket speculation. Miss Graham and Miss Conrad, now out on \$5000 bail each, are on the bill at the Hammerstein Roof Garden as "The Two Girls." There was no hint of their recent adventures in the act, and they were much applauded. When Miss Conrad came to the line in one of her songs, "Go away or I will call an officer," a good deal of joking happened to the stage.

Miss Graham sang "Go Home and Tell Your Mother," but before and after that they danced a couple of duets. Things went smoother in the evening; there was more applause and less laughter.

Past Treasurer of Association Plans to Return

CHICAGO, July 18.—The barking of Buster, a pet dog owned by David Norren, saved five families from serious injury in a south side apartment building here yesterday. The occupants of the building were aroused from slumber by the barking of the dog when the fire broke out. Later they were carried from the building by firemen.

DOG SAVES LIVES.

Judge.—Did the man whose auto was in collision give it a cursory examination? Witness—it sounded that way, sir—Pathfinder.

OAKLAND SCHOOL CHILDREN OUT OF CITY

Principal P. M. Fisher of the Manual Training and Commercial High School and his two sons are enjoying their vacation in Cazadero. They will return several days prior to the opening of school.

Miss Is of Death

EMIL NIELSEN, one of the graduates of the Manual Training and Commercial High School, is studying at the University of California summer school.

Misses Leslit and Mildred Manuel, accompanied by their mother, Mrs. Walter Manuel, are enjoying the summer in Yosemite Valley. They will return to this city next week.

SCHOOLMAMS STUDY PUPILS ON U. C. PLAYGROUND

BERKELEY, July 18.—The practical playground, wherein young women are being trained for playground work during the summer session of the University of California, is meeting with phenomenal success. Children from all parts of the college city are taking advantage of the games, see-saws and other forms of amusement provided for their pleasure.

The teachers who are directing the playground operations declare that they are enjoying their vacation by entertaining the youngsters, who have crowded the playground since it was opened some three weeks ago.

From the early morning hours the boys and girls play and at dusk, when the signal is given, the children leave the grounds.

The out-door gymnasium has not been installed in the playground this year owing to the fact that it is merely an experiment.

The playground on the university campus has become the most popular resort for the little men and women of this city.

The postoffice of this country handles annually about 14,000,000 pieces of mail, while that of Mexico handles about 150,000,000 pieces.

PNEUMATIC NUGGET MAN JUMPS HIS BAIL

U. S. TO RUSH GUNBOAT TO HAYTI

American Lives and Property in Danger Should Rebel-lion Spread.

Fear Felt for Uprising at Port Au Prince, Where Simon Has Rushed.

WASHINGTON, July 18.—At the request of American Minister Furness at Port Au Prince, the United States will send another gunboat to Haytian waters to protect Americans and their interests now seriously threatened by the revolution against President Simon. The second warship will go to Port Au Prince, the capital. The gunboat Petrel is already at Port Liberté on the north coast.

Furness regards the situation as acute and fears that the government cannot control conditions if the movement continues to grow. The revolutionists captured Hinche and Malsade on Sunday and yesterday Gonaves fell into their hands.

The rebellion previously had been largely confined to the northern part of the republic, but now seems to be mainly along roads to the south, where the capital is located.

DANGER OF UPRISING.

The principal danger lies in the possibility of an uprising in Port Au Prince, President Simon having been at Port Liberté for several days directing the military preparations. He has now chartered a German vessel to take him from that port to either Cape Haytien or Paup.

As the navy department has no vessel in Latin-American waters now available for duty at Paup, the gunboat Des Moines at Boston which is under orders to sail for the West Indies probably will be rushed to the Haytian capital.

PORT AU PRINCE, July 18.—The revolution progresses. The government troops were routed at Trou and have returned in disorder to Cape Haytien. The situation is calm here, but it is felt that there will be disorders on the part of the populace, as all the disciplined troops are in the north.

GERMANS ARE EXPELLED.

KINGSTON, July 18.—Mail advices from Hayti state that several prominent Germans have been expelled from the country on the grounds of alleged support given by them to the revolution. President Simon is said to be attempting to pacify the rebels by proclaiming that the United States will intervene unless the railway construction across the island is permitted to proceed.

RICH MAID WEDS WIRELESS EXPERT

One Moonlight Night's Courtship at Sea Settles Millionaire Daughter's Fate.

SAN FRANCISCO, July 18.—E. Nivison, wireless operator on the steamer Sierra, has married an heiress, Miss Josephine Smith, daughter of a millionaire manufacturer of Boston.

The question is, however, what will pay any who have heard the news of the romantic marriage with a wireless operator, whose salary is less than \$100 a month?

Nivison, who is a good looking young man, acknowledged his marriage to the beautiful Miss Smith of Boston as they stepped from the steamer at the Elbert street wharf at 8 o'clock this morning.

"Yes we were married in Honolulu five weeks ago," said Nivison, "but please don't ask me any more questions."

LEAVE IT TO BROTHER.

The leaking of the news of the romance, which had its beginning at sea the day before the steamer Sierra arrived at Honolulu on her last outward trip, to the millionaire papa in Boston will likely devolve upon the bride's half-brother, J. Bruce.

Bruce admitted that the marriage might cause an awful row in Boston. The bride left the steamer on the arm of her husband. The greatest secrecy was maintained as to what hotel they were going in San Francisco.

ONE-NIGHT COURTSHIP.

Miss Smith met Nivison for the first time at a reception given on the steamer the night before reaching Honolulu. She evinced a decided interest in the mechanism of the wireless apparatus and Nivison was of course obliging in demonstrating its working.

It was a beautiful moonlight night. To make a long story short, he proposed and she accepted. The following day they were married at Honolulu unknown to the unsuspecting father, who with his wife were chaperoning the beautiful Miss Smith on a trip across the continent and to the Hawaiian Islands.

AERIAL RECORD IS BROKEN.

BRUSSELS, July 18.—The Belgian aviator, Olliviers, in a monoplane, yesterday made a flight of 236 kilometers (146 miles) at the aerodrome without a stop. This beats the world's record for distance in an uninterrupted flight held by Tabuteau, 264 kilometers (163 miles).

BLOOMER-CLAD BASEBALL PLAYERS HAVE VICTORIES TO CREDIT

FAIR HEROINES OF THE DIAMOND TAKE MEASURE OF STERN SEX

Some of the Members of the Golden West Nine, Whose Practice Is to Take the Measure of Male Baseball Teams.

Golden West Nine to Meet Gulch Team of Boys

BERKELEY, July 18.—Not far from the classic halls of learning of the State University where the members of the fair sex vie with the sterner half in intellectual pursuits—but don't aim to rival them in athletic sports—there is another little crowd where the girls not only do not hesitate to claim as much athletic ability as the boys, but actually rival and often excel them. This is in the great national sport of baseball.

It is not something of recent origin and transient existence, this team, for the girls have been playing together for more than two years, have played contest games with various teams of boys about the bay, and in their fair share of cases have carried off the honors.

The team is known as the Golden West nine, and is composed of Berkeley girls ranging in age from ten to sixteen years. When asked how they came to form a team one of the girls, Nora Campbell, who is the catcher of the aggregation, said:

"We learned to play ball with the boys about the gulch here in Berkeley first. That was three or four years ago. Then we began playing among ourselves and pretty soon we girls stood the boys. But in those days we didn't have any team; we only played now and then."

GET IN TEAM WORK.

"Then two years ago we began to get in some team work and decided on our own account, so we decided we'd form a regular team. So we chose a captain and manager and started out to schedule games. We played our last year, and then started out this year, with Miss Helen Franklin our captain and manager."

"We got challenges from lots of teams around here," chimed in Ellie Campbell, who pitches, "and we play about every Sunday. A week from Sunday we have a challenge to play the boys from the DeFreney playground in Oakland, and next Sunday we are going to play the Gulch team from Berkeley, on the Emeryville grounds. And are we going to win? Of course we are!"

The complete line-up of the team is as follows: Ellie Campbell, pitcher; Nora Corbett, catcher; Sadie Harris, first base; Catherine Leonard, second base; Helen McCloskey, third base; Margaret Campbell, right field; Mary Corbett, left field; Myrtle McCloskey, center field; Margaret Hafay, short stop, and Estelle Moore, general substitute player. For a mascot the girls have Florence Fox.

A PEEK INTO HIS POCKET

would show the box of Buckle's Arnica. Said that E. S. Loper, a carpenter, of Marilla, N. Y., always carries. "I have never had a cut, wound, bruise or sore. It would not soon heal," he writes. Great relief of burns, boils, scalds, chapped hands and lips, fever sores, skin eruptions, eczema, corns and piles. 25c at Osgood Bros.

PROVIDING FOR BUYING SUPPLIES

Temporary Measure Adopted Pending Passage of Permanent Ordinance.

By a resolution introduced this morning at the session of the city council temporary provision was made for the purchase of supplies of which the purchase price shall be less than \$250.

The resolution provides a system of purchasing supplies similar to that recommended by City Expert Accountant L. G. Jordan. It will be in force until a general ordinance providing for the methods of obtaining supplies by open bidding, contracts and otherwise is framed. It is probable that the position of purchasing agent or price expert will also be created.

Auction Sale!

Furniture Auction

On Thursday, July 20, 11 a. m., at the public date 7-room residence 1039 Fifty-fourth street, between San Pablo avenue and Adeline, grand upright piano, cost \$400; parlor upholstery, \$312; imported rug, lace curtains, leather covered lounge, extension table, dressers, chiffoniers, grand phonograph, 200 records and cabinet; Encyclopedia Britannica, fine bedroom set, fine bedding, couches, steel range, gas range and very large line of other useful furnishings. Ladies, attend, for bargains, as sale is peremptory. Terms cash. MEYSEL & MEYSEL, Auctioneers.

'I'M INSANE,' WRITES TO BRIDE

Wife Says Dr. L. P. De Clermont Left Her When on Honeymoon in 1909.

SAN FRANCISCO, July 18.—Four weeks after their wedding, and in the midst of their honeymoon, Mrs. Carolyn De Clermont testified in Judge Cole's court this morning her husband, Dr. Louis Phillips De Clermont, deserted her and she has not seen him since. This occurred, in 1909, when, after a short courtship, the couple had been married in Eureka. Soon after the wife received the following letter:

"My Darling: I am insane. I must confess it to you while I have this moment of lucidity. Once I was the best of surgeons, but my mind has been declining for the last few years. Everything seems to be amiss, but I know that I have committed wrong during my irrational periods. I hope those I have wronged will pity and forgive. I love you, dearest, and it is for that reason that I want to

FOR THE CARE OF THE PUBLIC FUNDS

Provision for the Safeguarding of Monies Belonging to Municipality.

An ordinance was introduced at the meeting of the city council this morning providing for the handling of money and funds deposited with various license and permit clerks. The ordinance conforms with the conditions imposed by the new city charter systematizing the handling of funds, and placing all funds in the hands of the city treasurer. This was passed to print.

A companion ordinance creating a bureau of permits and licenses and placing said bureau under the supervision of the city auditor was also introduced. This was laid over.

BELLS TO TOLL SINCLAIR IS AMONG THE MISSING

Chimes of Welcome Arch Will Open Ground Breaking Carnival.

Thousands Expected to Attend Pontifical Military Field Mass.

SAN DIEGO, July 18.—Senor Jose de Garcia Cruz, for fifty years bell ringer at San Juan Capistrano Mission, at midnight will toll the bells in the mission welcome arch at the Santa Fe station, thus officially opening the ground breaking celebration of the Panama-California Exposition, which will close Saturday at midnight. The acting mayor of San Diego, P. C. Woods, has issued a proclamation declaring Wednesday a holiday. John Barrett, director of the Pan-American Union, will arrive in this city at 6:30 tonight in his capacity as the personal representative of the President Taft.

THOUSANDS EXPECTED.

Thousands of people are expected to attend this religious feature of the celebration. The mass will commemorate the founding of the missions in California by the Franciscan fathers.

Among the special excursions to arrive today and tomorrow are those of 250 Catholics and Y. M. I. members from Los Angeles, foragers from northern points, the San Francisco exposition special, Los Angeles Chamber of Commerce train, the San Francisco and Los Angeles Knights of Pythias excursion on the steamer Yale, the steamer Roanoke excursion and the steamer Eureka excursion from Ensenada, on which will be Governor Vega and the Eighth Battalion army Yaculi Indian band.

Toddlers of the exposition officials are beginning to breathe freely for the first time in weeks. The details of the celebration have been completed. The main problem now is the housing of the thousands of people who are pouring in on every steamer and train, and in automobiles. This problem has been met, but the rush is by no means over and the crest will be reached by tomorrow evening.

White Angora Cat May Lead to Thief's Capture

Police Working on Jewelry Case Following Trail of a Tabby.

LOS ANGELES, July 18.—A white Angora cat may lead to the capture of the man who is believed to have plotted the attack upon H. T. Reid, a diamond broker, who was nearly killed at the time that he was robbed of several thousand dollars worth of jewels.

W. C. Rogers, now in the county jail, is said by officers to have confessed the robbery, and to have asserted that the leader in the attack upon Reid in his establishment was one "Janek" Pierson. Rogers, who claimed that he was completely under the domination of Pierson, said the latter was a companion woman whose pet is a white Angora cat. The officers will follow the clue thus given.

Rogers said he met Pierson in San Francisco first, and where later they assumed names.

Spiritualist Wanted for Bunco-ing W. R. Benzin Takes French Leave.

Capt. Charles Bock on Way Back From Boston Without Prisoner.

Technicalities of the Boston extradition laws and the trusting friends of Robert H. Sinclair, magician, spiritualistic medium and clairvoyant, defeated the efforts of Captain Charles Bock of the Oakland police department to obtain possession of the fugitive medium and bunco man, and Bock is now on his way back from Boston without his prisoner. A telegram was received from Captain Bock this morning that Sinclair had jumped his bail of \$1800 and made his escape, and that he was starting home empty-handed from Boston.

Sinclair is charged with having swindled W. R. Benzin, a motorman residing at 1524 Broadway, out of \$700 by trick and device. The medium, who is also known as Robert Moore, played upon Benzin's credulity by inflating a rubber nugget, gilded to represent gold, and informed him that he could increase the size and weight of any gold placed in his possession. Benzin gave him \$700 to inflate to quadruple its size, but when he went to get the excess Sinclair had decamped.

CAPTURED IN EAST.

Sinclair was captured later in Boston, Mass., and the Oakland authorities telegraphed to have the man held. Requisition papers were issued here by Governor Johnson, and Captain Bock was sent to get the prisoner.

Captain Bock had never visited the east before, and he took a journey with him. The extradition laws of Boston are the most rigid and technical in the state, but Bock, despite the warm weather he found on the Atlantic seaboard, managed to overcome all difficulties. He obtained the order from the Governor of Massachusetts upon the court, and ordered that his prisoner be surrendered to him.

Then there was some strange delay, and he was told that Sinclair had been released upon \$1800 bail, which had been furnished by trusting friends with faith in Sinclair's spiritualistic pretensions. Bock demanded his prisoner, and went in court to get him. He was coolly informed, after the case had been put over once, that Sinclair had disappeared, that the bail was forfeited and that he could whistle for his prisoner.

COUNTRY ON LOOKOUT.

Bock notified Chief of Police Wilson and was ordered home, as there is no likelihood of Sinclair putting in an appearance. All the police offices of the United States have now been notified to be on the lookout for the prisoner.

Sinclair had an office in Oakland, where he welcomed many visitors interested in spiritism. His comely wife aided him in his activities and assisted in the materialization of the spirits of the departed and in the transmutation of baser metals into gold. When he disappeared Mrs. Sinclair is believed to have gone with him. A description of the woman, who may be charged as an accomplice, has also been sent out.

ALLEGED ROBBERS ADMIT IDENTITY

SAN FRANCISCO, July 18 Extradition proceedings will be held tomorrow in the case of William and Mary Rodgers, wanted in Auckland on charges of robbing a store of \$5000 in jewels. They admitted their identity today in the United States District Court. A detective is here from New Zealand to take them back.

SANTA ROSA WRECK HEARING CONCLUDED AT LOS ANGELES

Theodore Lafayette, a Passenger on Ill-Fated Vessel, Asserts That Certain of Ship's Officers Had Been Drinking

LOS ANGELES, July 18.—"I was told by the officers of the Santa Rosa that they did not use the life preservers provided by the steamship company, which were made of tulle, but carried private ones constructed of cork."

So testified Theodore Lafayette of Los Angeles, a minute clerk in the State Senate, today, before Government Inspectors Bulger and Belles, who were conducting the investigation of the wreck of the vessel off Point Arguello July 9.

"The statement of Lafayette, who was a passenger on board the vessel, concluded the hearing here, and the inspectors will leave tonight to resume the inquiry in San Francisco."

Lafayette's testimony regarding the remark he attributed to the officers concerning life preservers, elicited from Inspector Bulger the response that no life preservers were allowed upon any steamship until they bore the government stamp and had been passed upon by government officials.

Lafayette told of having cut a life preserver open and finding it was made of tulle. He announced that he knew such a life preserver would not support a person in the water very long and declared he preferred one made of cork. He said that several officers of the ship seemed to have been drinking the day before the wreck, but upon being "pinned down,"

Lafayette could not say positively that more than one had shown signs of indulgence in liquor. That one, Lafayette said, was the third officer. The witness also thought the first officer had used intoxicants.

Lafayette also stated his belief that Captain Faria either was an inefficient officer or was acting under orders after the ship struck. Lafayette testified that it would have been an easy matter to land the passengers or transfer them to another vessel at any time up to noon the day of the wreck.

HEWSON WAS PRESENT.

Robert Hewson, father of the second mate, who was drowned, was present today, but did not testify. It had been expected that one of his sons, E. W. Hewson, a newspaper man of Pasadena, would testify, but the latter sent word that he did not care to do so.

When the inquiry is resumed in San Francisco it is expected that a third son of Hewson, H. L. Hewson, will give testimony there. F. M. Rudolph, a hotel-keeper of Lompoc, now in San Francisco, also is expected to appear there and possibly other survivors who were to have testified here.

TRIBUNE'S PAGE OF SPORTS Edited by EDDIE SMITH

Oakland Will Make Gallant Fight to Overcome Lead of Beavers in Pennant Race

OAKLAND FIGHTING HARD TO IMPROVE POSITION IN RACE

This Week's Battles Will Be Important Ones in Flag Race of Coast League

This week should be a vitally important one in the field of baseball, for when the series are over the fans will have a better line on the pennant outcome than ever before.

Oakland, San Francisco and Portland are to the mind of the writer the three local clubs that are fighting for the pennant and this week these three teams will be put to a hard test.

Up in Portland the Seals will battle with McCredie's men in a series of six games. In previous series Ewins' men have shown the class against the men from the north and if they can repeat the chances of the bay teams for the flag will be all the more hopeful.

Last week Happy Hogan, the boss of the team of many sports, took his crew to Benavente, beautiful of the coast, going to do, but as predicted, the Hoogans fell down wearily and Mac had all the best of the series. Oakland against the Seals showed the class and for the third time won the series. Commencing today they tackle Graham's hired men and Manager Wolverton will make a determined effort to take the series.

If the club can do this and the Seals as well as the Oakland, the north the battle for the flag will still be a fierce proposition.

Diamond Dust

Portland has a four-game lead over the Seals and that's all that counts. If Cal says that pepper and ginger is lacking in the games the Seals play and he thinks he can bolster the boys' play. Does this mean that the Seals are live or is it a bluff? Manager Wolverton will look him over some time this week.

Isn't baseball the funny old game. Just size up the record of the Senators last week, six out of the seven games played. If they had made this kind of a record

LARGE ENTRY LIST FOR OARSMEN'S REGATTA

SARATOGA SPRINGS, N. Y., July 18.—The indications are that the 1911 regatta of the National Association of Amateur Oarsmen to take place on Friday and Saturday at Saratoga Lake will be the most largely attended and successful in several years. Scores of crews from all over the country are expected to enter the regatta and the entry list will be a record one.

CHAMPION ATHLETE COMING TO COAST

The ranks of Pacific coast athletes will be strengthened by the addition of Con Walsh, champion hammer thrower of the New York Athletic Club, who has announced his intention of joining the Milwaukee Athletic Club in Portland. Walsh has friends in Portland, who have offered him a position if he would come West, and while he will withdraw from one of the greatest organizations in the country, his alliance with the Multnomah club will place him equally strong on the coast. The state weight man has already asked for his release from the New York club, which must be secured before he can compete with the Portland club.

DR. J. C. LEE SPECIALIST FOR Chronic Gonorrhea, Syphilis, Sex Weakness, Blood Poison (Syphilis) '606'

H. E. PICKERS' YACHT HARPOON

The Harpoon made such a fine race in the Farallon race last Sunday that she is very favorably considered as the Corinthian boat to defend the Perpetual Challenge Cup for that club against the challenger of the San Francisco Yacht Club.

Nothing Backward in Terms Wolgast Is Asking

CHICAGO, July 18.—Ad Wolgast, champion lightweight, and Packey McFarland of Chicago have agreed upon the terms of their ten-round bout scheduled to take place at Milwaukee September 11, with the exception of Wolgast's guarantee. If McFarland will allow the champion to have the first \$14,000 out of the purse he will be permitted to make 125 pounds at 3 o'clock in the afternoon. If McFarland will only give \$13,000 he will have to make the same notch one hour later.

CHARLEY FOLEY WINS THE PORTLAND TOURNEY

PORTLAND, July 18.—With close to two score entries, several of which are from outside the State, including San Francisco, Everett, Spokane and Seattle, the thirteenth annual Oregon State tournament opened here yesterday. Charles F. Foley of San Francisco went through the first round after hard play, defeating L. R. Richardson of Seattle, 6-4, 6-3, 6-2.

Semi-Professional Baseball

RODDEO, July 18.—The Kronk and Kronk's team defeated the Pilone Juniors 12 to 7. Fred Joseph of the winners allowed but five hits and struck out ten men. The Kronk and Kronks would like games with any sixteen-year-old team. Address: F. Kronk, Roddeo.

BASSETT BEATS EMMETT. SAN FRANCISCO, July 18.—In the inter-town pool tournament game last night Bassett, representing the Graneys, defeated Emmett, representing the Webers, 10 to 7. It was a nip-and-tuck game and the last two frames. The combination play made by Bassett and the safety playing of Emmett were the features.

GANZEL MAY COME BACK. Seattle's manager, Harry G. Gammel, president of the Cincinnati Club, is having with John Ganzel, former pitcher of the Reds, with a view to having Ganzel supplant Griffith as the pitcher for the Cincinnati club. Ganzel is now managing the Rochester Club of the Eastern League.

Amateur Baseball Games

Table with 3 columns: Game, Score, and Notes. Includes games like MONDAY MODELS 18, MAVERICKS 8, SHOWS 8, TAYLORS 5, CALIENTES 12, FRUITVALE 3, etc.

PETROSKY AND GEORGE AWAITING CALL TO ARENA

Wheelmen Have Classy Card of Boxing Arranged for Tomorrow Evening

'Around-the-bay fans are well satisfied with the card that matchmaker Mel Moffitt has arranged for the Wheelmen's Club at the Piedmont Pavilion for next Wednesday night.'

In Sailor Ed Petrosky and Kid George, Moffitt has signed two boxers who should put up a hurricane mill. Both boys are of the slam bang school of boxing, and like to be in the middle of the fray all the time.

Petrosky's decisive victory over Battling Robinson last Friday night stamps him as a foe that will make his opponent's life a misery. No matter how good his opponent may be, Petrosky's boxing, has kept his well in the front of the middleweights now appearing in the short round game around the bay.

Sailor Ed, as he is called by his friends, is of the rugged type of man who has faced many barbs in his career before the mast and in the roped arena and next to Frank Klaus is one of the strongest middleweights in the ring.

SAILOR GAME TO THE CORE

In all his previous bouts Petrosky has shown himself game to the core and fear does not enter his makeup. No matter who his opponent may be, the sailor man does not quake, but goes tearing after him with one object in view and that is, to end the contest in the quickest possible time.

That he will meet the best of them under any conditions was demonstrated in his bout with Battling Robinson last Friday night. Petrosky was at the ring-side where the work was done, and Fritz Holland would not appear for his scheduled bout with Robinson—and the manager was forced to call for a substitute to meet the husky con.

Petrosky then showed his gameness by volunteering to take the place of Holland while he had but little time to prepare. The sailor immediately donned his fighting togs and jumped into the ring.

MADE SHORT SHIFT OF COON

When time was called Robinson started to rush, but well delivered punches by the sailor brought him to time and he realized that Petrosky was a real boxer and cool boxer and that he would have no easy time winning.

This will be the last contest for Robinson, but the sailor went tearing at the con and at the end of the fourth round had him on Queer street. When the referee called time, Petrosky to meet Kid George he immediately accepted. In George Petrosky will find an opponent worthy of his steel.

Kid George, who meets Petrosky here from Sacramento and has shown in his previous bouts that he is a game, willing, fast and clever student of the manly art of self defense.

In his last Friday night with Jack Drumm, George was offered a \$1000.00 purse for a ten round bout. George, the real stuff of which he is made and handily won from the Windy City boxer.

When the boys are in the ring, they will be in the ring for the hour and both willing, the fan should expect a contest well the price of admission. Both try for a knockout, for a quick victory. The contest will be a hard-hitting one, the top liners in the middleweight ranks.

Matchmaker Moffitt this morning visited the boys at the hotel where they are at work in anticipation of a grueling contest on Wednesday night.

FITTON AND MURPHY IN SHAPE

Right behind the Petrosky-George contest in prominence and pleasing, comes the bout between Jimmy Fitton and Jerry Murphy. Both boys are in the ring, ready class and would rather be in the ring with a husky opponent than anywhere else.

Fitton has been in the mountains for several weeks, roughing it, and is hard and rugged and fit to meet the best of them.

In Murphy he will find a youngster who has never backed up, but one who boxes with a heavy heart. He is a hard-hitter and then he digests and itches for the going.

Fitton says there will be a knockout before the six rounds are over and that Murphy will be the man to take the fight.

Northwest League

Table with 3 columns: Club, Won, Lost, Pct. Includes teams like Spokane, Vancouver, Tacoma, Seattle, Victoria.

FAST TIME IS MADE ON THE KALAMAZOO RACE TRACK

KALAMAZOO, Mich., July 18.—With almost ideal weather conditions prevailing the Grand Circuit races started here yesterday. Good time on a track considered to be exceptionally fast was made. Summaries:

Table with 3 columns: Race, Winner, Time. Includes races like 2:15 trot, three in five, purse \$1000, The Huguenot (John Benson), etc.

LOOKS LIKE TAYLOR WILL SELL BOSTON AMERICANS

BOSTON, July 18.—Reports that Fresh direct John I. Taylor is ready to dispose of his local American League Club, which have been current here for some time, are confirmed in an interview published here today.

All I have to say," declares Mr. Taylor, "is that I have offered enough money, I might be expected to sell."

"No, I won't say that," he said. "The hopes of Boston have been shattered because the team's position in the present race. The team started the season brilliantly, but has been gradually slumping."

President B. B. Johnson of the American League said last night that so far as he knew, John I. Taylor was not coming to Chicago to consult him in regard to the Boston Club. If a deal were in contemplation, however, Mr. Johnson said it would be necessary to consult the league before a formal transfer could be made, as purchasers of American franchises must be satisfactory to the other members of the league.

MURDERER DIES IN HIS CELL NIGHT BEFORE DATE OF HIS EXECUTION.

BEAVER, Pa., July 18.—Charles Hickman, who was to have been hanged here today for the murder of his wife Mollie in February, 1910, collapsed in his cell in the county jail during the night and died this morning. Hickman escaped from jail twice after his conviction and last Saturday night attempted to take his life by inhaling gas. He repeatedly told the guards he would never live to be hanged a new day.

DR. CHESTER ROWELL'S INJURIES NOT SEVERE.

FRESNO, July 18.—What were at first thought to be severe injuries to Dr. Chester Rowell, Mayor of Fresno, appear to be comparatively slight and the Mayor will probably be about as usual in a few days.

Returning to this city late Sunday night from a trip in the northern part of the State, Dr. Rowell stepped off street car near his residence, fell and was rendered unconscious.

EDUCATORS VISIT BLOSSOM VALLEY

Stanford University, San Jose
and Saratoga Are
Seen.

SAN JOSE, July 18.—Four hundred and nine delegates to the National Educational Association convention were entertained in this city and valley yesterday. From Stanford University cars were taken for Saratoga, whence the excursionists were taken to Los Gatos over the blossom route. The excursion proceeded to this city.

Luncheon was served the party at the Vendome hotel, the Chamber of Commerce being the host, and after this function the guests were taken to the show places of the city and its immediate environs in 150 automobiles provided by the members of the Chamber of Commerce and the Santa Clara Commercial League.

The great orchard district, where the growers are disposing of thousands of tons of fruit, were visited. Picking of the canneries, apricots and peaches are being preserved for the British market, was another point of interest visited, and Santa Clara College the University of the Pacific, the Naglee Park and Hanchett Park residence sections and the pretty new mission grammar and high school buildings erected in 1906 were also on the itinerary.

The party left at 7 o'clock on the return trip to San Francisco.

SAN FRANCISCO TO HAVE POSTAL BANK

Four Months to See New Institution in Bay Cities,
Says Hancock.

WASHINGTON, July 17.—Within three or at the most four months, postal savings bank will be established in the postoffice at San Francisco, according to a statement made last night by Postmaster General Hitchcock. On the authority of the postmaster general himself it can be said that San Francisco will be one of the first big cities on the Pacific coast to obtain one of these banks.

The reason San Francisco was not named with New York, Boston, Chicago and St. Louis, was merely because of the city's distance from Washington. Hitchcock says he desired to make the test of the big cities near to Washington, so that trouble might be straightened out on the long distance telephone.

"The establishment of a first class postal savings bank in San Francisco," said Hitchcock, "will, of course, increase the responsibility of the postmaster there to a great extent. The demand as from some cities along the Pacific coast, but I should think it would be an ideal location. The gross receipts for the last fiscal year at the San Francisco postoffice reached the phenomenal figure of \$2,580,981, while the international money order business totaled \$1,412,002.

We figure that the postal savings banks will keep this country most of the money now being sent abroad by the foreign population."

15-MILE RANGE IS GUN'S POWER

Turrets of New Battleships to
Be Man Killer Pre-
Eminent.

WASHINGTON, July 18.—A gun that will carry its projectile clear out of sight is the style that is to be placed in the turrets of the new battleships of the New York type. One of these guns has been made at the Washington factory and a dozen others are to follow as rapidly as the government can turn them out.

The gun has been tried out at the proving ground and has shown that it is without doubt the most perfect naval weapon in the world.

With a muzzle velocity of 2400 feet a second, the shell will have a range of about fourteen or fifteen miles; consequently it will land far beyond the horizon at extreme elevations.

It might hit a ship it could not see, a friend or an enemy perhaps. Hence the ordnance officers will be unusually careful when ships mounting these guns go out for target practice.

REPORTER TO COVER WORLD IN FORTY DAYS

PARIS, July 18.—Jugerschmidt, a reporter on the newspaper Excelsior, started at 1:45 o'clock yesterday in an attempt to break the record for the trip around the world. He will go from Paris to Moscow and thence via the Trans-Siberian railroad to Vladivostok. Then he will proceed to Yokohama and will return by way of Vancouver, B. C., Quebec and Liverpool.

Theoretically he is due in Paris in forty days. The present record for such a trip is 63 days.

RENEWING COMPLEXIONS BY ABSORPTION

If your complexion is marred with blotches, moth patches, pimples or freckles, it's useless to putter with powders and paints, lotions, creams and things, in an effort to get rid of the trouble. Unless you have some ability as an artist you'll mar your appearance still more.

The new and rational way is to take off the complexion itself, with all its offensive marks. Just get an ounce of pure mercerized wax at the drug-gist's and use at night same as cold cream. Remove next morning with water and soap, following with dash of cold water. The mercerized wax absorbs the half-dead scarf skin in flaky particles so gradually no one guesses you're treating your face—unless it be by the result which is truly wonderful. There's nothing like it for restoring a natural, healthy and beautiful complexion.—Aunt Sally.

This Ad. is for Deaf People Only

Did you ever think of the many pleasures you are foregoing by being unable to hear? Of course you have. How often have you wished for just one more opportunity to hear and enjoy good music or attend a theater, or stop forming a trumpet of your hand while someone yelled in your ear.

Well, It's Possible
and without the inconvenience or embarrassment of trunks or like contrivances; and we will guarantee every word we say, with all the years of the public's good faith in our business methods to back it up.

The Globe Ear Phone

The most powerful, the most scientific instrument produced, will make the deaf hear as plainly as though they never were troubled. Allow us to demonstrate this invaluable little instrument in your home or at our store. You are under no obligation to purchase whatsoever.

WINS POINT AFTER 2 YEARS IN JAIL

Refused to and Didn't Pay His
Wife Alimony After Her
Remarriage.

TOLEDO, Kan., July 18.—After spending nearly two years in the county jail, following his refusal to pay his divorced wife alimony after she had remarried, Peter W. Ball was released last night. He settled the case by paying \$110, of which amount his former wife will get \$35 as alimony.

The former Mrs. Ball was allowed \$600 alimony, but when she remarried Ball refused to pay this, saying her present husband was able to support her. The court, however, ordered him to pay the alimony and he refused. During the two years he has been in jail his attorneys say he has spent much more fighting the case than it would have taken to have settled with his former wife.

DIAMOND THIEF SAYS HE WAS UNDER SPELL

LOS ANGELES, July 18.—W. C. Rogers, arrested several days ago as a suspect in the sensational \$20,000 diamond robbery of H. T. Reid, in his offices in the Grant building, made a strange confession yesterday. He admits that he participated in the crime, during the perpetration of which Reid was beaten almost to death, but declares he was a passive agent, acting only under protest and under the complete domination of "Jack" Pierson. He says he was dazed and irresponsible.

Pierson is still at large. Rogers says he met this man four years ago in the Hotel Brule, San Francisco, where Rogers was a clerk. Pierson posed as a rich saloon man from Chicago and was accompanied by a woman, supposedly his wife. Pierson and the woman again met Rogers here, and the plan to rob Reid was mapped out by the former, according to Rogers. Pierson and the woman then left for the east, and Rogers went to San Diego. Rogers registered under an assumed name while here. A white angora cat, the constant companion of Pierson and the woman, is considered a clew by which they may be traced.

FIRST BABY ZEBRA BORN IN CAPTIVITY

NEW YORK, July 18.—Old Mr. Stork made his appearance in the Bronx Zoo early yesterday with the first zebra ever to be born in captivity.

The baby zebra is of the Grant species. Its sex has not been determined—a fact that is due to the peevishness of the mother and refusal of its sire to permit the keepers to enter the zebra camp. The keepers are highly elated over the birth, because it demonstrates what animal trainers long had contended was an impossibility—that a zebra could be born in captivity.

The parents of the zebra baby are worth \$1700 each. They are regarded as one of the best pair in captivity.

CENTER OF POPULATION IS MOVING WESTWARD

WASHINGTON, July 18.—The center of population of the United States is four and a half miles south of Unionville, Monroe county, Indiana, according to a census bureau announcement yesterday. Since 1900, when it was six miles southwest of Columbus, Ind., it has moved 31 miles westward and seven-tenths of a mile northward.

The westward movement was more than twice of the 1890-1900 decade. This acceleration is attributed by the census officials principally to the growth of the Pacific and a southward movement of the geographical center of the United States is in northern Kansas, so that the center of population therefore is about 500 miles east of the geographical center.

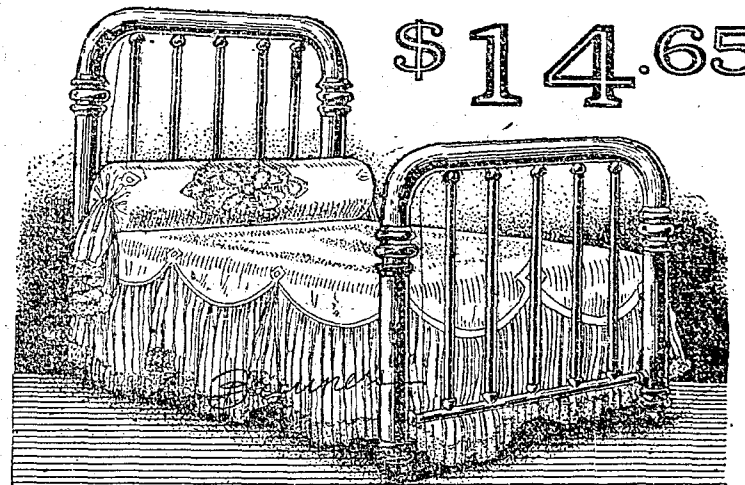

UNCLE SAM'S MEN MAKE NEW BULLSEYE RECORD

NEW YORK, July 18.—A record at target shooting made by the Sandy Hook post company coast artillery corps has just been announced by the government officials. Fire was directed against a floating target which was towed past the Fort Hancock batteries. Three-inch rapid-fire rifles were used and eighteen rounds were fired. Every shot made a bullseye.

KINDNESS RATED HIGH IN WILL

William Rummel Ward Comes
Into Million Left by
Cripple.

DETROIT, July 18.—Real estate in Detroit comprises part of a fortune which went to Wm. Rummel Ward, of Youngstown, Ohio, in a manner as strange as any recorded in fiction.

Ward had become a wanderer after his three children and his wife had died in 1907, in Green Castle, Pennsylvania. He had finally located in Youngstown, where he had made a living doing odd jobs. No one in Green Castle knew where he had gone.

Mrs. John Burke, Green Castle, a paralytic who had lived next door to Ward for years and to whom he had devoted himself in efforts to make her lot more bearable, died May 23. She left a fortune said to be valued at more than \$1,000,000 to Ward in return for his kindness to her. Part of the fortune is in Detroit real estate.

But all efforts to locate Ward were futile until he sent his Masonic lodge dues to the secretary of the Green Castle estate. The probate judge then notified Ward.

EMERYVILLE FORESTERS INSTALL NEW OFFICERS

Deputy Grand Chief Ranger W. Macaulay, assisted by his herald, Brother C. Williams of Court Pride of Alameda, installed the following officers of Court Emeryville, No. 218, Foresters of America, Monday evening: Chief ranger, A. Williams; sub chief ranger, Hal Farrell; recording secretary, O. Appley; senior woodward, Ray Appley; junior woodward, J. D. Dismund; senior headle, Walter Kaster; unt headle, Frank Ryan; lecturer, M. L. Hayes.

A full membership of nearly 200 were present.

JOHN L. TO ENTER THE POLITICAL ARENA

BOSTON, July 18.—A proposition that John L. Sullivan be nominated for the Legislature is engaging the attention of Democratic politicians. The old gladiator has always had an enthusiasm for the following here and throughout the State and there can be no doubt that he would make a strong candidate.

This Shampoo Will Make the Hair Lustrous

Mrs. Mae Martyn, in the New York American, writes interestingly on care of the hair. "Scalp and hair troubles," she says, "are usually traceable to soap shampoos which cause dandruff and make the hair brittle, stringy and lifeless."

"Unless in a very bad state, two or three canthorax shampoos will correct these scalp troubles and make the hair brilliant and silky as well as restore its natural color. Get a package of canthorax and dissolve a teaspoonful in a cup of hot water. Pour on the head slowly and massage briskly. This makes a thick lather, wonderfully cleansing and healing to tender scalps. After rinsing, the hair dries quickly and evenly and is easy to do up."

'TIRED OF LIFE,' SAYS WOMAN; TAKES POISON

SAN JOSE, July 18.—Mrs. Anna Rose, the wife of a dairyman, was found dead yesterday and the verdict of the coroner's jury showed that she had taken strychnine. To a neighbor who came in a moment after the dose was taken she said she was tired of life. She had been complaining of physical ailments for some time, but had not shown signs of being deranged.

VETERAN RELEASED

NEW YORK, July 18.—Hugh Sweeney, of Indianapolis, who had been detained by the immigration authorities as not being a citizen, was released yesterday on proving that he had served in the civil war.

OIL WELL WORKERS DIE OF ASPHYXIATION

BAKERSFIELD, July 18.—There were five violent deaths in Kern county yesterday. Two of them were caused by the heat, the first fatalities due to the cause in this county for many years. The heat victims were two Mexicans, one at Famoso, and the other at Lerdo.

C. G. Stewart, an oil well driller from Oil City, Pa., and Stanley Newton, a tool dresser, were asphyxiated at the Standard lease, at Taft, yesterday.

Will Prothers, a boy aged 16, had both feet cut off by a freight train at Famoso, and died in a few minutes.

WELCOME RAIN IN OKLAHOMA.

OKLAHOMA CITY, July 18.—Rains fell practically all over Oklahoma and Kansas yesterday afternoon.
